Department of Electronics and Telecommunication Engineering

Alumni Chapter Inauguration -21st May 2022

Department of ETE inaugurated the Alumni chapter on 21st May 2022. The function was graced by the Principal, Vice Principal (Academics) and Dean Student Affairs. The principal emphasized the importance of alumni in bridging the gap between industry and academia. In addition, he asked alumni to contribute whatever the way they can for the benefit of students. Twenty two alumni, who graduated between 2002-2020 attended the inaugural function and shared their experiences and words of wisdom with their juniors. Few alumni offered to assist students with their projects on embedded systems. The program concluded with light lunch for all the participants.
