

Faculty as Resource Person 2026

- A three-day Faculty Development Programme (FDP) on “Modern Deep Learning Techniques for Data-Driven Intelligent Systems” was organised by the Department of Computer Science and Engineering, Dayananda Sagar Institute of Technology (DSIT), Polytechnic, Bengaluru, from 26th to 28th March 2026. The programme featured resource persons from BMS College of Engineering (BMSCE), including Prof. Varsha R, Prof. Chethana V, Prof. Supriya P, Dr. Jahnavi S and Prof. Spoothi G S. The keynote speaker for the programme was Dr. Dakshayini M, Head of the Department of Artificial Intelligence and Machine Learning, BMSCE.

The FDP was successfully conducted and achieved its intended outcomes, including enhancing participants’ understanding of modern deep learning techniques, familiarising them with advanced neural network architectures, and enabling them to apply these concepts in teaching, research, and real-world problem solving.

- Prof. Swaroop Was Invited as A Resource Person by The Department of CSE At RV Institute of Technology and Management from 25th March to 27th March, 2026). Over Three Days, He Conducted an Intensive Hands-On Session on Web Technologies For 94 Students of 4th Semester. The Curriculum Covered Modern Front-End Development Tools Including HTML5, CSS3, Bootstrap, And JavaScript, Equipping Students with Industry-Relevant Skills.
