Date: 14th May 2024

Time: 3:00PM to 5:00PM

Location: Whitefield, Bangalore

Target Audience: 4th semester AI & DS

Objective:

The aim of the Industry Visit was-

- To build interaction with the Industry.

- To familiarize with the technologies used in the Industry and the preparedness for the Industry.

- To demonstrate application of AI, Machine Learning concepts in Industry

Industry visit to AT & T Business Services Pvt. Ltd has been organized by Placement department on 14th May, 2024 for UG 4th Semester students. The motive behind this visit is to interact with the industry experts and gain much of knowledge in Artificial Intelligence and Machine Learning in business services and an insight towards technology and leadership skills. Over 30 students have visited the industry from BMS college and three of them were from AI & DS department and interacted with the team of people and got to know the work environment.

AT & T Business Services Pvt. Ltd provides voice, video, data, and Internet telecommunications and professional services to businesses, consumers, and government agencies. They use the latest Artificial Intelligence-based technologies like Deep Learning and advanced parallel computation techniques to develop solutions for the application need.
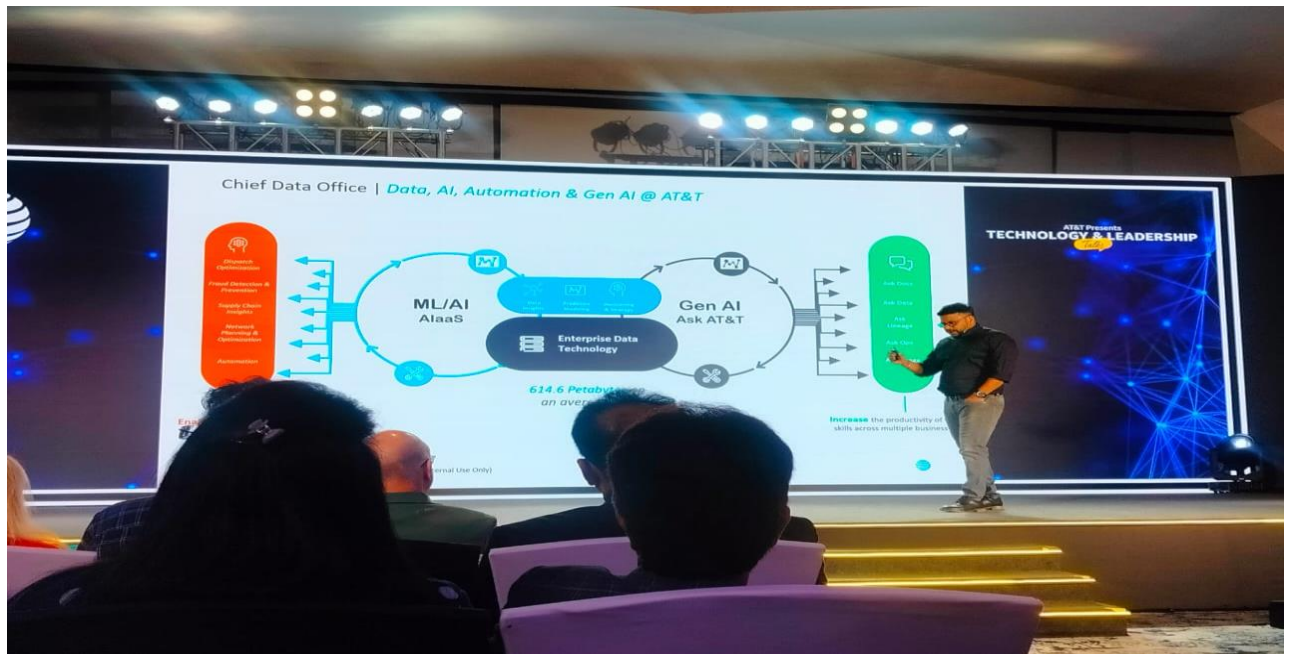

Students were happy to interact with experts at AT & T. They presented how AI & ML are used to solve industrial automation tasks. Students had Q&A at the end of the session.
