S.NO.	USN	NAME
1	1BM21LBI01	AAKANKSHA MAHESH VETEKAR
2	1BM21LBI02	AMRUTA RENAKE
3	1BM21LBI03	AQILA NAZIFA
4	1BM21LBI04	LIKHITHA DAYNANDA ATADA
5	1BM21LBI05	NISHA N
6	1BM21LBI06	PREKSHA A DAS
7	1BM21LBI07	SENBAGAVALLI S
8	1BM21LBI08	SHREYA BHARATESH PATTANKUDE
9	1BM21LBI09	SPOORTHI S
10	1BM21LBI10	SUPRITHA S
11	-----	Mr.Panduranga Kulkarni Lab Technical Staff

Dr. Sourav Pal and Dr.Venkatkrishnan CTO Forus Health took the sessions to explain the establishment of the company, purpose and goal of the company, manufacturing products [specifically on eye care], Standards[like ISO,FDA etc] necessary for development of medical devices.

After the presentation session, students got an opportunity to see live and sample demonstration of manufacturing of ophthalmic medical devices namely 3nethra classic HD for fundus imaging for adults and 3nethra neo for fundus imaging for babies.

After the demonstration session, students visited production unit of devices to explore the dust free assembly of components section, testing section and packaging of devices section with labels. Detailed procedure of working was demonstrated about working units.

It was an excellent learning experience to students to see manufacturing of medical device and interacting with experts from Forus Health.
