The Department of Medical Electronics Engineering arranged an Extension Lecture Series on, **“Higher Education: Educational opportunities at abroad”** for 6th and 4th semester students, on 9th May 2024, by **IDP** which is a proud co-owner of IELTS and ASX-listed company operating for more than 50 years with offices in over 30 countries across the globe.

The programme started with the welcome note and introduced the guests. The speaker has taken a novel initiative of providing structured career guidance for the engineering students with an objective of creating awareness among them on various higher education choices after engineering. It was a comprehensive, developmental program designed to our students in making and implementing informed higher educational opportunities at abroad and occupational choices.
