Presents

SAMMILANA-2022

SATURDAY, 16th July 2022, 11 AM - 1.00 PM

VENUE: AUDITORIUM -2, PLATINUM JUBILEE BLOCK

SUMMIT FOR STRATEGIC ACTION PLANS FOR MENTORING MOBILISING INDUSTRY COLLABORATIONS & LEVERAGING ALUMNI EXPERTISE FOR NURTURING SKILLS IN ADVANCED TECHNOLOGIES

The department of Electrical and Electronics established in 1946 has grown over the years and has facilitated the development of competent professionals who are empowered to take the challenges and are capable of adapting to the advancements in the global scenario. We are proud of our alumni network spread all over the globe. We owe it to each one of you to have kept up the progressive spirits to move ahead and to serve as role models to the rest.

We are aware of the technological developments and the need for upgrading the knowledge and skills of our graduates to bridge the gap with the trends. In this connection, We wish to host **SAMMILANA-2022**.

AGENDA:

1. Presentation about the department: Faculty, Facilities and the Curriculum.
2. To arrive at activity models for alumni engagement in academics as mentors.
3. To capture the progress of our alumni and the domains of expertise.
4. To explore the possibilities of alumni support for industry connect for our students.
5. To arrive at strategies to leverage alumni expertise in nurturing technological advancements through workshops and skill development programs.

LUNCH: 1.00 PM Onwards
