1. Introduction

IIIR is a professionally managed private R & D center, based in Bangalore, IIIR works closely with more than 50 MNCs like Infosys, Tata Elxsi, QuickLogic, Tata power ESD, etc. for Research consulting and/ or Trainings. IIIR also works closely with many engineering colleges globally to enhance their quality of research and teaching. IIIR has in its fold a group of experts who have a rich experience in the field of VLSI, FPGA, DSP and Embedded Systems. The team has a combined experience of over 65+ years in the area of VLSI System Design.

The company, launched in 2006, has a team of entrepreneurs with a vision to provide leadership and technical management expertise not only to the IT companies but also to the aspiring young graduates and post graduates entering into the fields of biomedical imaging, biomedical mechanics, VLSI system design Research activities.
