MEMORANDUM OF UNDERSTANDING (MOU)

Between

B.M.S College of Engineering, Bangalore
and

Natural Remedies Pvt Ltd, Bangalore, India

The undersigned:

Prof. Dr. B.V.Ravishankar, Principal, B.M.S.College of Engineering (BMSCE), Bangalore, and co-ordinator for this program
(hereafter referred to as Party A)

and

Dr. Amit Agarwal, Director, Natural Remedies Pvt Ltd , Bangalore, India
(hereafter referred to as Party B)

Taking into account that:

- From the previous common discussions, both parties found that there are common interests in research applicable to industry in the area of natural products.
- Both parties intend to promote and strengthen the opportunities for collaboration between research groups operating under their sponsorship.

Both the parties have agreed as follows:

Art. 1 – Objectives and activities

The parties will activate all initiatives, within the programs approved by their administrations, which can help to extend and improve the number, extent and quality of collaborations.

In particular they agree:

1. Collaborative research projects – To carry on common research projects in the relevant field and to discuss the obtained results in order to publish common papers and to participate at scientific/ national / international conferences, workshop and meetings.
