

Memorandum of Understanding
Department of Medical Electronics,
B M S College of Engineering, Bull Temple Road,
Bangalore.

Teaching/Research Lab Setup at BMS College of
Engineering

This memorandum of understanding is signed on the Ninth day of
JULY, 2012, between the following institutions:

- a. Cranes Software International Limited, Bangalore (referred to as Cranes henceforth) which is University Program Partner of Texas instruments ,India
- b. BMS College of Engineering , Bull Temple Road, Bangalore.

This Memorandum of Understanding is proposed in order to establish a teaching/research lab facility in the area of Embedded Systems/Microcontrollers at BMS College of Engineering, Bull Temple Road, Bangalore.

Through this Memorandum of Agreement, the two parties agree to the following.

- (a) A **steering committee** will be set up to monitor the activities of the MoU. The committee will consist of the Senior Vice President of Cranes Varsity (a division of Cranes Software), and the Head, Department of Medical Electronics, BMS College of Engineering, Bangalore. With mutual consent, the steering committee can be expanded to include more members from the two institutions. The steering committee will be the supreme body as far as the implementation of the activities of the MoU, the continuation of the MoU, and termination of the MoU are concerned.
- (b) **Lab Setup:** The College will provide space for setting up a lab which will be entitled "Texas Instruments Embedded Systems Lab" or "Texas Instruments Microcontroller Lab" at its premises. Cranes agrees to donate development kits (Texas Instruments MSP430 Microcontroller) to the college Laboratory under TI India University Program to setup Texas Instruments Embedded Systems Lab. Cranes, working with TI India, will also provide the branding materials to set up the lab – e.g. posters and nameplates. The College will be responsible for purchasing any other
