

## B.M.S COLLEGE OF ENGINEERING, BENGALURU-19

(AUTONOMOUS COLLEGE UNDER VTU, APPROVED BY AICTE, ACCREDITED BY NBA & NAAC)

### DEPARTMENT OF AEROSPACE ENGINEERING

organizes skill development workshop  
on

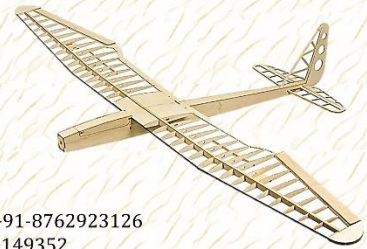

### GLIDER MAKING WORKSHOP

#### About the course

One can learn the fundamental concept of flight and the importance of various aviation parts by designing and building a glider. The program provides the participant with the clearest understanding possible of aerodynamics, controls, and stability. One may really get the glider to perform some intriguing aerobatics by making tiny adjustments to different sections of the glider. The participant will gain a better understanding of the fundamentals of flying.

30th January 2023  
2:00 PM, IST onwards  
Drawing hall, ASE
