

AUGMENT.AI ORIENTATION

Faculty Coordinator

GURURAJA H S

Assistant Professor

Dept of Information Science and Engineering

WHAT IS AI?

Artificial intelligence leverages computers and machines to mimic the problem-solving and decision-making capabilities of the human mind.

WHY AN AI CLUB?

AI has become a necessity in our everyday life, whether we're trying to read our emails, get driving directions, get music or movie recommendations.

INNOVATION CHALLENGE

Turn your ideas into reality
Gather a team and register now!
The event is open to all students of BMSCE
Exciting prizes to be won!!

Scan the QR code to register for the event

Here's what you need to do:

- Assess a customer problem that is unmet
- Propose feasible solutions and ways to market it efficiently
- Evaluate funding/service costs
- Target an appropriate customer base
- Comment technology stack used for solving the problem
- Approximate the project completion time

Forms close at 11pm, 12th January 2022
