Feb 25, 2023: Vande Foundation for third semester MCA students hosted **CIVIC AWARENESS DRIVE & NEP Survey**
CIVIC AWARENESS DRIVE - This is an initiative to develop a sense of responsibility towards our society by bringing in notice of various loopholes and development issues to our authorities via digital platforms as a medium. This is a fruitful mechanism which helps to create a better society to live in.

Here students were asked to submit an unresolved problem like garbage disposal, pothole, electricity issue, sewage to SAHAAYA(2.0) app and fill the details in the google form shared by Vande Foundation.

National Education Policy (NEP) 2020 - through google form. Students were asked to get faculty survey to understand the prospects of this policy.

Since NEP helps in making India a global knowledge superpower, path breaking and visionary. These reforms, both in school and

higher education, would have profound impact on the gross enrolment ratios, quality of education, research, employability and internationalization in the years to come. This would transform India's educational landscape from one of local presence to global leadership with quality, equity, inclusion and access. Effective implantation of several changes initiated in this Policy would pave way for achieving Atmanirbhar Bharat sooner than expected.
