September 16 2016:

A distinguished BITES talk on “Big Data in Digital World – Join by Experience Split by Skills” by Vijaya Kumar Ivaturi, Co-founder and CTO of Crayon Data, Former CTO of Wipro was organized. This seminar was focused on how to build conceptual rigor to debug a complex system and gain real world experience in cross-functional projects. This helps in learning both the design models and deployments models of Big data systems at scale in the real world. Around 130 students participated. The event was scheduled at 2.30pm to 4pm at BMS Auditorium.

September 23 2016:

Code Storm was organized as a part of Phase shift 2016. Code Storm is a coding event using Raspberry pi boards and programming languages like C, C++ or python. Students were asked to solve some defined problems. Around 12 teams (pair or 2) participated in the event. Based on their presentation, four teams were selected for the second round. In the second round the students were asked to implement the solution to problem using raspberry pi boards, the required sensor. Abhishek P & Mahendra, B.C.A, Surana College were winners of the event.

September 23 2016:

The event “Ideas Galore” part of Phase Shift was a poster presentation contest. This event was conceptualized and design for students to present their views on bringing out innovative and implementable solutions for problems faced in urban areas. The event was themed “Smart Cities” using IoT concepts. Rohith G B, MCA II Year, BMSCE; Vivek, M.Tech II Year, BMSCE were winners of the event.
