

REPORT

ADVANCED KANNADA

An extended program by Literature club

Electronics and Telecommunication department.

The Literature club of Electronics and Telecommunication offered a course titled “Kannada”, which was further divided into “Advanced Kannada” and “Basic Kannada”. The main objective of this course, Advanced Kannada was to do Cultural studies by the students who know how to speak Kannada. This cultural study incorporated cultural history, ecology, religion and the practice in students. By doing this the student could take the existing knowledge about Kannada to next level. Also, to give exposure to Kannada Literature.
