#### **Annexure II - Feedback Process and Performance Assessment of Faculty**

**FEEDBACK PROCESS** – A well-established feedback is in place and is operating very effectively. The main features of this system are

- Every semester there are three feedbacks which are obtained from the students for each of the subject being taught by the faculty;
- The first two feedbacks pertain to only the subject being taught by the faculty;
- The third feedback also includes Institutional, Principal and HODs feedback;
- The complete feedback system is online and the identity of individual faculty/student is protected;
- A specific ID is given to both the students and the faculty for feedback process;
- Faculty are rated on a scale of four ranging from Excellent, Very good, Fair and Poor;
- The feedback collected is analyzed using a formula, thus indicating a percentage score for each individual faculty.

**POLICY AND MONITORING GUIDELINES FOR ASSESSMENT AND EVALUATION OF THE FACULTY PERFORMANCE, BASED WITH REGARD TO POOR PERFORMANCE RATED, THROUGH STUDENT FEEDBACK.** (As approved in the BOG Meeting held on 15.07.2013)

The Management has introduced a policy and monitoring guidelines for assessment and evaluation of the faculty performance based on the ratings of student feedback and to implement the following policy with regard to faculty rated below the threshold level (60%) through student feedback:

- To issue a warning memo in respect of the faculty who has been rated low in three feedback processes;
- To withhold one increment (without cumulative effect) in respect of the faculty who has been rated low in six feedbacks;
- To withhold one increment (with cumulative effect) in respect of the faculty who has been rated low in nine feedbacks;
- The faculty with twelve below threshold level feedbacks to be provided an opportunity to opt for VRS failing which, the Management shall initiate process to compulsorily retire such faculty in the academic interest of the students.

The faculty with low feedback (below threshold level) shall not be eligible for any special benefits / deputation for seminars, workshops, conferences, deputation to higher studies etc. However, they shall be deputed to appropriate Development Programmes to improve their skills and teaching abilities with due recommendation of the concerned HOD and approval of the Principal.
