Further, the Member-Secretary apprised that the Council of Trustees, BMSET has nominated Dr.B.V.Ravishankar, Vice Principal and Dr.H.N.Suma, Professor, Department of Medical Electronics as Members of the BOG.

The BOG took note of the same and welcomed the newly inducted members on the Board. Further the Board placed on record its appreciation to Dr.G.N.Sekhar and Dr.Ravishankar Deekshit for the valuable services rendered.

The Member-Secretary informed the Board that the Indo Universal Collaboration for Engineering Education (IUCEE) has recognized our institution as "Excellent Institutional Transformations in Engineering Education" and the award was presented to the institution in the Fourth International Conference on Transformations in Engineering Education (ICTIEE 2017) held during January 6-8, 2017 at Hyderabad. The Board placed on record its appreciation to the efforts put in by the Principal, Staff and all the Stakeholders.

Section 1: ITEMS FOR CONFIRMATION

1.1 CONFIRMATION OF THE MINUTES OF THE 63RD BOG MEETING HELD ON 4TH AUGUST 2016

The minutes of the 63rd meeting of the Board of Governors (BOG) held on 4th August 2016 were confirmed.

Section 2: ACTION TAKEN REPORT

2.1 TO NOTE THE ACTION TAKEN ON THE DECISIONS / RESOLUTIONS OF THE 63RD BOG MEETING HELD ON 4TH AUGUST 2016

The BOG noted the Action Taken Report of the 63rd meeting of the BOG held on August 4, 2016 and approved.

Section 3: COLLEGE REPORT

3.1 REPORT OF THE ACADEMIC ACTIVITIES OF THE COLLEGE

The Member-Secretary informed that the monthly activity report of the college is being sent by email (during the second week of every month) and the hard copies of the Annual Activity Report (January to December 2016) were placed on the table. The Member-Secretary also presented some of the important activities held from August 2016 to December 2016 and its outcomes. The Board noted and appreciated the report.

While on the subject, the Member-Secretary informed the Members that Sri.Harish V Mekali, faculty, Department of Electronics and Communication Engineering has developed a product on Remote Monitoring System for R.O. Water Purification Plant. He then requested Sri.Harish V Mekali to make a brief presentation on the product.

He presented that as a part of Shuddha Neeru Project, the Government of Karnataka has initiated the installation of 11,163 R.O. water purification plants across the state to provide the potable drinking water to the people at 10 Paisa per litre. The individual status and cumulative status of all the R.O. plants is very much essential to measure the impact of the project and maintenance. To monitor the above said water purification plants, a cloud server and a wireless Internet of Things (IoT) is required. A cloud server (www.sensorsmonitor.com) and a wireless BMS-IoT has been developed by him and his team from scratch. The product Wireless BMS-IoT module is used to communicate R.O. water purification plant status (quality and quantity of the water purified) to the cloud server using GSM/GPRS infrastructure. The Data on the cloud server can be viewed from anywhere across the world using Internet Protocol (IP) enabled devices like mobile phone, tablets and computers. The PPT is enclosed at Annexure-I.

The Board noted the efforts of Sri.Harish V Mekali in bringing out a product using technology transfer with social relevance.

Section 4: INFORMATION ITEMS

4.1 REPORT REGARDING EXTENSION OF AUTONOMOUS STATUS

The Member-Secretary apprised the Board that the UGC expert committee visited the institution on 26.08.2016 and 27.08.2016 and conducted evaluation towards Extension/Conferment of AUTS – UG & PG programmes for the period 2016-17 to 2021-22.

The Joint Secretary, UGC through his communication dated 24.11.2016 has conveyed that the UGC is of the opinion that Extension of Autonomy be granted for the period 2016-17 to 2021-22 (six years) subject to submission of the compliance report to the UGC. Accordingly a report has already been submitted.

The Board noted the submission of the compliance report to the UGC.

4.2 ANNUAL QUALITY ASSURANCE REPORT (AQAR) SUBMITTED TO NAAC

The Member-Secretary apprised the Board that BMSCE is accredited by National Assessment & Accreditation Council [NAAC] with CGPA of 3.41 on four point scale at 'A' grade valid from January 03, 2013 to January 04, 2018.

The Member-Secretary also apprised that the Third Annual Quality Assurance Report (AQAR) for the period 2015-16 has been submitted to NAAC on 28.09.2016 and presented the hard copy of the same to the Board. Dr. Mangala Keshav, Director, IQAC presented a brief report on the activities of Internal Quality Assurance Cell (IQAC). The PPT is enclosed at Annexure-II.

The Board noted the activities of IQAC and the submission of third Annual Quality Assurance Report (AQAR) for the period 2015-16 to NAAC. The Board opined that the College should make efforts to get a good grade in the Cycle-II accreditation by NAAC.

Minutes of 64th Meeting

January 11, 2017

4.3 REPORT REGARDING GLOBAL INITIATIVE FOR ACADEMIC NETWORKS (GIAN) SCHEME UNDER MHRD

The Member-Secretary apprised the Board that the College had submitted five proposals (various departments) under the Global Initiative for Academic Networks (GIAN) Scheme under MHRD. Two proposals titled "Study of various effects of heavy metals present in bore well water on human system" submitted by the Department of Chemical Engineering and "Electric and Hybrid Vehicles" submitted by the Department of Electrical Engineering have been approved and funds of Rs.8.16 lakhs per proposal have been sanctioned.

The Member-Secretary also apprised the Board that the first programme "Study of various effects of heavy metals present in bore well water on human system" was conducted by the Department of Chemical Engineering organized under Global Initiative for Academic Network (GIAN) of MHRD from November 14-22, 2016. The program had resource persons from Chemical Engineering, BMSCE and Dillard University, New Orleans, USA.

Dr.Samita Maitra, Professor, Department of Chemical Engineering presented a brief report on the outcome and future activities which is proposed to be conducted under the aegis of this programme. Dr.Samitha informed that the association of BMSCE and Dillard University in the areas of joint research in the field of social and environmental challenges would continue. The PPT is enclosed at Annexure-III.

The Board noted and appreciated the efforts of the institution/Department.

4.4 REPORT REGARDING NATIONAL INSTITUTIONAL RANKING FRAMEWORK (NIRF)

The Member-Secretary apprised the Board that the institution has successfully uploaded the information/data towards National Institutional Ranking Framework (NIRF) (Methodology for Ranking of academic institutions in India) 2017 on 30.11.2016. The college has registered in the following different ranking categories.

1. Discipline specific ranking (Engineering Discipline)
2. Common Overall Ranking

BMS COLLEGE OF ENGINEERING, BENGALURU-19
BOARD OF GOVERNORS (BOG)
Minutes of 64th Meeting

January 11, 2017

The rankings are expected to be published during the first week of April 2017.

The Board took note of the same.

4.5 COMPLIANCE TO THE STRATEGIC PLANNING (JULY 2015 – JUNE 2016)

The Member Secretary apprised the Board that long term goals and short term goals were adopted in the Strategic Planning both at the department and institute levels. The Member-Secretary presented the Compliance to the Strategic Planning for the period from July 2015-July 2016 (shown at Annexure-IV).

The Board noted the progress towards the implementation of Strategic plan and expressed its satisfaction.

Section 5: ITEMS FOR RATIFICATION

5.1 REPORT ON ADMINISTRATIVE REFORMS

The Member-Secretary apprised the Board that as per the directions of the Council of Trustees, BMSET, the placement for the positions of Vice-Principal, Dean (Academic), Dean (Student Affairs), Dean (First Year B.E.) and HODs on rotation basis have been implemented.

The Board noted the decision of the Trustees, BMSET with regard to placements made for the positions (listed at Annexure-V) on rotation basis and approved the same.

5.6 CONSIDERATION OF PROMOTIONS FOR THE NON-TEACHING TECHNICAL & MINISTERIAL POSTS UNDER GRANT-IN-AID

The Board took note that the following Non-teaching staff members - Technical and Ministerial (working under GIA) are eligible for promotion.

SNo	Name	Present Post	Promotion Eligible
Technical			
1	Sri.K.N.Radhakrishna	Instructor	Foreman
Ministerial			
2	Sri.H.Venkatesh	First Division Asst.	Superintendent
3	Smt.S.Bhagyalakshmi	First Division Asst.	Superintendent
4	Sri.Rudrappa	Second Division Asst.	First Division Asst.
5	Smt.M.Leelavathi	Second Division Asst.	First Division Asst.
6	Sri N.Ramanjinappa	Attender	Second Division Asst.

The Board also noted that proposal in respect of the above said staff members are sent to the DTE for approval. The Board ratified the same.

Section 6: ITEMS FOR APPROVAL

6.1 PROPOSAL TO AUTHORIZE PRINCIPAL (EX-OFFICIO) OF THE COLLEGE AS AN AUTHORIZED REPRESENTATIVE FOR NETRA

The Member-Secretary apprised that "NETRA" or the "National ESDM Technology Research Academy" or such other name as may be approved by the Registrar of Societies, Bangalore District, Karnataka (hereinafter called the "Proposed Society"), to promote and enable Electronic Design & Manufacturing (EDSM) innovation and capabilities in India by building an EDSM entrepreneurial ecosystem in engineering institutions.

The Member-Secretary also apprised that the Principal (ex-officio) of the College (hereinafter referred to as an "authorized representative), be and is hereby authorized to act as representative of the Company and to execute the Memorandum of Association, Rules and Regulations of the proposed Society and also to execute necessary forms, documents, deeds, declarations, affidavits and other papers required to be filed with the said Registrar of Societies or any other

regulatory authorities in connection with registration of the proposed Society and to take all necessary steps as may be required for the said purpose.

The Board took note of the above. The Board approved to be the academic partners of the above said Society registered under the Karnataka Societies Registration Act, 1969 by authorizing the Principal (ex-officio) of the College as an "authorized representative".

6.2 PROPOSAL TO ESTABLISH CENTRE FOR INNOVATION INCUBATION AND ENTREPRENEURSHIP (CIIE)

The Member-Secretary apprised that it is proposed to establish Centre for Innovation Incubation and Entrepreneurship (CIIE) so as to enable the faculty and students to participate and provide professional services to the start-up and also to raise consultancy. The CIIE shall be an independent entity at the institute level and the department(s) who wish to carry out activities relating to innovation, incubating and entrepreneurship shall do so as sub-centers/units which will enhance the culture of innovation and to promote technology transfer among the stake holders.

Dr.H.N.Suma, Professor, Department of Medical Electronics presented the proposed activities of the CIIE and its outcome. The PPT is enclosed at Annexure-VII.

The Board approved the proposal to establish Centre for Innovation Incubation and Entrepreneurship (CIIE). The Board also directed Dr.H.N.Suma to initiate necessary action in this regard in consultation with the Principal.

6.3 REPORT REGARDING VACANT GRANT-IN-AID POSTS IN TEACHING AND NON-TEACHING STAFF IN BMS COLLEGE OF ENGINEERING

The Board noted that the Council of Trustees in the meeting held on 06.10.2016 had resolved not to request the Government to fill the vacant Teaching and Non-Teaching positions under Grant-in-Aid.

The Board also noted that vacant Teaching and Non-Teaching positions under Grant-in-Aid have not been filled by the Government for last couple of years and

BMS COLLEGE OF ENGINEERING, BENGALURU-19
BOARD OF GOVERNORS (BOG)
Minutes of 64th Meeting

consequent to this several appointments (teaching and non-teaching) were made under Management to meet the requirement.

The summary of vacant posts under Grant-in-Aid required and not required to be filled are shown below:

Mode of filling up of vacant posts	Teaching		Non-teaching (Technical)		Non-teaching (Administrative)	
	DR*	PVP**	DR*	PVP**	DR*	PVP**
Total Vacant Posts	24	-	27	14	17	11
Posts required to be filled	04	-	04	04	04	10
Posts not required to be filled	20	-	23	10	13	01
Total posts not required to be filled	20		33		14	

*Direct Recruitment** Promotional Vacant Posts

The Board directed the Member-Secretary to send a proposal to the DTE requesting not to fill the Direct Recruitment and Promotional (where there are no eligible candidates in feeding cadre) vacant posts under Grant-in-Aid, permanently, since Management has recruited (both teaching & non-teaching) to make good off the work load. All these staff are regularized by the Management.

The statement showing the reasons for filling and not filling the vacant posts under Grant-in-Aid are enclosed at Annexure-VIII.

6.4 DECLARATION OF PROBATIONARY PERIOD WHO HAVE COMPLETED TWO YEARS OF SATISFACTORY SERVICE

The Board noted that Teaching and Non-Teaching staff were appointed against back-log vacancies in various departments during the year 2014 on two years period of probation from the date of their reporting to duty with the approval accorded by the Government and DTE vide letters dated 07.07.2014 & 08.07.2014.

The Board also noted the following that:

- the said Teaching & Non-Teaching staff have completed two years of probation period (excluding the period of EOL) on the dates indicated against their names;
- the performance reports of the staff members for the year 2015-16 have been verified and found satisfactory;
- there is no disciplinary proceedings pending against them

BMS COLLEGE OF ENGINEERING, BENGALURU-19
BOARD OF GOVERNORS (BOG)
Minutes of 64th Meeting

January 11, 2017

The Board approved to declare the probationary period in respect of the Teaching and Non-Teaching staff appointed against back-log vacancies in various departments during the year 2014 as satisfactory.

While on the subject, the Member-Secretary apprised that declaration of probation period was not in practice earlier and hence the probation period of Non-Teaching staff appointed from 1982 to 2007 have not been declared. Now the DTE Auditors are insisting the declaration of probation.

The Board noted the same and approved to declare the probationary period as satisfactory in respect of Non-Teaching staff appointed from 1982 to 2007. The list of staff members appointed during 2014 and from 1982 to 2007 are shown at Annexure-IX.

6.5 PROPOSAL FOR RECRUITMENT OF ADJUNCT FACULTY AND FIXING UP OF REMUNERATION TO ADJUNCT FACULTY

The Board noted that as per AICTE guidelines (Approval Process Hand Book 2016-17), there is a provision of having 20% of Adjunct Faculty/Resource Persons from industry.

The Board approved the proposal to appoint Adjunct Faculty for a period of 2-3 years in order to meet the faculty requirements arising out of additional intake subject to the following guidelines:

- a) Temporary, part-time or other auxiliary faculty of a school or college, usually with limited duties and benefits and often primarily employed outside of academia
- b) Adjunct faculty members are not necessarily employees. It is a person that has a regular full-time job but will come to your place to give a seminar or step in as a student teacher. They are not regular salaried employees
- c) Retired employees (industry/academic) up to an age limit of 65 years are also eligible for this position

**6.9 REPORT REGARDING APPROVAL OBTAINED IN RESPECT OF
SRI.C.V.RAJAPPAJI AND SRI.A.DURGOJI APPOINTED THROUGH DIRECT
RECRUITMENT UNDER GRANT-IN-AID**

The Board noted that Sri.C.V.Rajappaji and Sri.A.Durgoji were appointed as Instructor and Helper respectively through direct recruitment under Grant-in-Aid for PHE Lab (sanctioned vide GO No. ED 60 MTE 79 dated 25.04.1980) in the Department of Civil Engineering. The DTE withheld their salaries temporarily from 2011 in view of audit observation made during the year 2008-09 due to non-approval of their appointments and 90% of their pay being disbursed by the Management on humanitarian grounds subject to adjustment on receipt of grants from the DTE after obtaining the approval.

The Board also noted that the DTE in their endorsement dated 06.01.2017 has forwarded the Government letter No.ED 98 TEC 2012 dated 27.12.2016 wherein the Government has accorded approval for the appointments of Sri.C.V.Rajappaji and Sri.A.Durgoji as Instructor & Helper for PHE lab in the Department of Civil Engineering as a special case (one time exemption) subject to the condition that this incidence should not be considered as precedence in future.

After detailed deliberations, the Board approved the following:

- To send the bill to the DTE to release the Government Share (85%) of salary in respect of Sri.C.V.Rajappaji and Sri.A.Durgoji for the period from 2011 to till date;

**6.10 REPORT REGARDING WITHHELD INCREMENTS IN RESPECT OF
SRI.N.NAGARAJU, HELPER, DEPARTMENT OF MECHANICAL
ENGINEERING**

The Member-Secretary apprised that Sri.N.Nagaraju, Helper, Department of Mechanical Engineering, was kept under suspension with effect from 12.03.2005 vide Office Memo No.P.137/2004-05 dated 12.03.2005 and disciplinary proceedings were initiated. The oral and documentary evidence recorded in the enquiry proved the charges levelled against Sri.N.Nagaraju and he was guilty in the acts of indiscipline and misconduct and have caused dislocation and hampering of normal work of the institution. As per the orders of the Chairman, BOG, Sri.N.Nagaraju has been imposed penalty of reducing his salary by two increments with cumulative effect and reinstated to duty in the position of Helper held by him prior to his suspension on 12.03.2005 vide this Office Order No.EST/P.137/ENQ/2011-12 dated 31.01.2012. The orders of the Chairman, BOG has been ratified by the BOG in its meeting held on 16.03.2012.

Further, the Member-Secretary also apprised that as per KCSRs, reduction of salary cannot be imposed as a permanent measure and needs to be set right as per sub rule (1) (a) of rule 59 of KCSRs. In view of this a committee was constituted to look into the matter.

The Committee examined the provisions of KCSRs and also took note of the statement submitted by the Workshop Superintendent regarding Sri.Nagaraju's improvement in behaviour. Based on the above, the Committee recommended the following:

- i) The penalty will be effective from the date of the order 31.01.2012
- ii) The penalty shall be operative for a period of one year
- iii) His basic pay shall be reduced by two increments from Rs.6000/- to 5800/- w.e.f. 02.02.2012
- iv) He will earn the increment during the period referred at (ii) above
- v) On the expiry of the period referred at (ii) above, the reduction will not operate to postpone his future increments

6.11 REPORT ON TEQIP PHASE II

The Member-Secretary apprised the Board that the 19th meeting of the sub-committee of BOG of TEQIP Phase-II was held on 10.01.2017. The draft minutes has been approved by the Chairman of the sub-committee of BOG of TEQIP Phase-II. The Member-Secretary also apprised that presentation was made on the BMSCE TEQIP II Status before the State Level Expert Committee Members (Mentors) / Principals of TEQIP Institutions organized by SPFU Karnataka on 29.01.2017. The TEQIP Coordinator-II then gave a brief presentation on the status of various activities under TEQIP Phase II.

The Member-Secretary further apprised that the TEQIP Phase-II will be closing by March 2017 and BMSCE is eligible for TEQIP Phase-III since the institution has been recognized as best Performance Institution in India. The Board congratulated the entire TEQIP team for their efforts and all those who contributed to the success of the project.

The Board noted all the activities conducted/approved by the sub-committee and approved the minutes (Annexure-X) of the 19th meeting of the sub-committee of BOG for TEQIP held on 10.01.2017.

The Member-Secretary made a submission to consider the continuation of the services of administrative staff working in the Office of the TEQIP from 01.04.2017 since the sanction of TEQIP Phase-III will take 4-5 months' time.

The Board resolved to continue the services of administrative staff working in the Office of the TEQIP for a period of six months from 01.04.2017 or the sanction of TEQIP Phase-III, whichever is earlier.

6.12 PROPOSED VARIATION IN INTAKE FOR THE ACADEMIC YEAR 2017-18

The Member-Secretary apprised the Board that due to demand for B.E. Programme in Civil Engineering, Computer Science & Engineering and Information Science & Engineering, it is proposed to increase in intake from the Academic Year 2017-18 as shown below. The Member-Secretary also apprised that it is proposed not to introduce any new programme.

SNo	Programme	Present Intake	Proposed Intake	Total Intake
1	Civil Engineering	120	60	180
2	Computer Science & Engineering	120	60	180
3	Information Science & Engineering	90	90	180

The Board noted and approved the proposal to increase in intake from the Academic Year 2017-18. The Board decided not to introduce any new programmes both at UG/PG level.

Activities of IQAC

{ Prepared and Presented by Dr. Mangala Keshava,
Director IQAC, BMSCE

IQAC MEMBERS

As per the guidelines of NAAC, an Internal Quality Assurance Cell [IQAC] has been constituted (March 2014) as a post-accreditation quality sustenance and enhancement measure with the following composition:

- a) Principal - Chairperson
- b) Five senior teachers and one senior administrative official
- c) Two external experts on Quality Management/
Industry/Local Community
- d) Director / Coordinator – Member Secretary

IQAC comprises of 21 core committee members and 18 Department Coordinators.

IQAC ACTIVITIES

The IQAC is making significant and meaningful contribution in the post accreditation phase of the Institution. IQAC oversees activities of the institution to enhance quality through;

- i. Accreditation Processes;
- ii. Conduction of conferences, seminars, workshops, lecture series, FDPs etc.
- iii. Academic Audits;
- iv. Collaboration with foreign universities
- v. Preparation of Annual Quality Assurance Report

Annual Report submitted to NAAC based on quality parameters.

- a) The First AQAR 2013-14 was submitted to NAAC on 08.08.2014
- b) The Second AQAR 2014-15 was submitted to NAAC on 04.10.2015
- c) The Third AQAR 2014-15 was submitted to NAAC on 28.09.2016

NAAC CYCLE

BMSCE Accredited by National Assessment & Accreditation Council [NAAC] with CGPA of 3.41 on four point scale (A-grade) valid from 05.01.2013 up to 04.01.2018.

When the institution undergoes the NAAC accreditation process, it is referred as Cycle 1 and the consecutive five year periods as Cycle 2, 3, etc.

For Cycle 2 (re-accreditation) the following are essential:

- IQAC to be functional
- Timely submission of AQARs annually
- Institutions to submit Letter of Intent and self-study report (SSR), six months before the expiry of the accreditation status

IQAC ACTION PLAN

IQAC has chalked out the following Plan of Action for the next academic year;

- Introduction of Academic autonomy in PG courses
- To subject eligible PG programmes for Accreditation
- To increase alumni network
- To organize more community service activities
- To facilitate external review of the academic quality
- To implement Academic Auditing (Internal/External)
- To initiate the process of upgrading infrastructure and enhance R & D facilities

IQAC (Internal Quality Assurance Cell)

Together we assure quality education at BMSCE

Thank You !

Goals of GIAN Program

- To increase the footfalls of reputed international faculty in the Indian academic institutes.
- Provide opportunity to our faculty and students to learn and share knowledge and teaching skills in cutting edge areas.
- To create avenue for possible collaborative research.
- To increase participation and presence of international students in the academic Institutes.
- Opportunity for the students of different Institutes/Universities to interact and learn subjects in niche areas through collaborative learning process.
- Motivate the international experts in the world to work on problems related to India.

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

1. NBA ACCREDITATION

Out of 12 UG Programmes, 11 Programmes are Accredited (5 of them are accredited for 6 years & 6 of them are for 3 years; Application for 1 UG programme Electronics & Communication is under process)

During 2015-16, the institution has submitted online application to NBA seeking accreditation to PG Programmes of Construction Technology (CV), Environmental Engineering (CV), Transportation Engineering (CV), Machine Design (ME), Power Electronics (EE), Electronics (EC), Digital Communication (EC), Computer Science (CS), Computer Network Engineering (IS)

2. ACADEMIC AUTONOMY FOR PG PROGRAMS

The University (VTU) through its notification dated 22.08.2016 conveyed grant of institutional autonomy as per XII plan of University grants Commission (UGC) from the academic year 2016-17.

The Institution submitted application for Extension of Autonomy for UG & PG Programmes for the period 2014-15 to 2019-20.

The UGC Expert Committee visited the College and conducted evaluation in December 2015 and granted Extension of post-facto approval for the period 2014-15 and 2015-16.

The UGC expert committee again visited the institution in August 2016 towards Extension/Conferment of AUTS - UG & PG programmes for the period 2016-2017 to 2021-2022.

The UGC through communication dated 24.11.2016 sought compliance on fulfilment of few shortcomings cited by the expert committee. Accordingly the Institution submitted the compliance report on 07.01.2017.

Accordingly the institution is offering all the UG & PG programmes under autonomous stream commencing from the academic 2016-17 onwards.

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

3. STRENGTHENING CAMPUS FACILITIES AND SUPPORT SYSTEMS

The institution is augmenting the campus facilities and support systems from time to time to stay updated and relevant.

LIBRARY

Augmented with 3559 books, 179 journals, 07 e-journals & also strengthened the Digital Repository, TECHFOCUZ digital Library software, Libsys software, Ernet Link Line, Link Road Balancer, Turnitin Software for plagiarism worth Rs.105.05 Lakhs.

IT- INFRASTRUCTURE

- Comprehensive e-Learning solution procured for lecture capturing. This facility is established in one class room in every department and also the auditoriums.
- Procured 110 computers to Placement & Training Centre: Internet Bandwidth enhanced.

Wi-Fi Speed:

- The Wi-Fi speed at the college is full-fledged and more than the specified requirement. Presently the campus has an internet band width of 650 Mbps internet connection which caters to both college and hostels.
- The Institution has also added another 35 wireless access points in the campus for additional Wi-Fi coverage.
- The details of Internet bandwidth at the College and Hostels are noted below:

SNo	Mbps	PO Number	Date of issue	SNo	Mbps	PO Number	Date of issue
1	350	2016-17/	19.12.2016	4	50	2016-17/89A	15.09.2016
2	100	2016-17/97	21.09.2016	5	50	2016-17/89B	15.09.2016
3	50	2016-17/89C	15.09.2016	6	50	2016-17/89D	15.09.2016

4. IMPROVE TEACHING LEARNING PROCESS

- The Classrooms, seminar halls, conference halls, Auditoriums were equipped with LCD.

B M S COLLEGE OF ENGINEERING, BENGALURU

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

- One class room in each department is equipped with lecture capture system.

CENTRES OF EXCELLENCE/INNOVATIVE LABS ESTABLISHED:

Dept	Laboratory Established
EC	Established Centre of Excellence on VLSI & Embedded Systems
	ESSCI (Electronics Skill Sector Council of India)
CS	Established COE on "Internet of Things and Big data
IM	Procurement of Robot for CIM Lab – Training on Robot and CNC Machine
TE	Control systems laboratory in association with NI and Quanser
PHY	Centre of Excellence in Advanced Materials has been established
MCA	Strengthening the Existing Centre of Excellence in Internet of Things

PEDAGOGICAL INNOVATIONS:

OBE, Active Learning, Project Based Learning, Open ended Experiments, Alternate assessment tools

CV: AAT implemented for course in IV sem,

ME: Literature Survey, Poster Presentation, Project Based Learning, Open Ended Experiments, Community Projects, TPS, Reciprocal Learning, Seminars, Survey Simulation etc.,

EE: Basic Electrical Engineering, Active Learning Methods like think pair share, videos animation, open ended experiment, Project Based Learning:
EC: Students are attending QEEE course on Fields and Waves from IIT Mumbai which will also have assessment weightage in Quiz.

AT : Live Site visits for Architectural Design Projects, Hands on experience to Construction project sites, National and International Study Tours to understand Historical and Contemporary Trends, Evolved design tested on software for lighting standards and conditions, Alternate building materials study through collection of samples and seminars, Industry simulations, Making of Physical & Virtual Models to understand real life situations, Group dynamics as part of pedagogical innovations, Supportive Electives like Photography, Videography and movie making.

CS: OBE is Practiced project base learning is implementation the courses with self-study component, Rubrics base assessment followed to assist the project work and project base learning
TE: Introduced Open Ended Experiments, Introduced Course Seminars, Introduced mini-project in some course, Introduced Group Activities.

ML: AATs, Device bases learning, Mathematical Modelling etc.

B M S COLLEGE OF ENGINEERING, BENGALURU

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

CH: OBE, Active Learning, Project Based Learning, Open ended Experiments, Alternate Assessment Tools.

BT: Virtual labs as AAT in Genomics and proteomics, NPTEL course offered by IIT Bombay on 'Proteomics' structural models of the biomolecules, Presentations: Project planning in PMT course. Presentations on various immunological aspects of diseases and defence of infections were taken as AAT in immunotechnology. UOI course- topics from applications of fluid flow and mechanical operations in bioprocess/ biotechnology was allotted to each student. Students then did Literature survey, prepared report and ppt presentation was given.

CHE: Using power point, Bridge Course for III sem Technical Chemistry.

MCA: Quiz, seminars, presentations, Open ended Experiments, Alternate Assessment Tools.

MBA: Active learning was introduced in Marketing Management, Managerial Communication and Strategic Management, Extended Class Rooms (virtual class rooms); Impartus Lecture Capturing, Virtual Classrooms, One class room in each department is equipped with lecture capture system.

Blended Learning: e-learning, QEEE, Virtual Labs, MOOCs, Social Learning, Social Networks, Wiki Space, Architecture Way, Piazza and EDMODO WIKSATE, "ACCESS AUDIT "in association with SAMA foundation and CBM NGO, Rejuvenation of Puttenahalli Lake, Bengaluru, Outreach programme on "Geospatial Technologies for urban planning: WIKSATE, EDMODO, QEEE, Virtual Labs, FDP on MOOCs, e-learning, Social Learning

COMPREHENSIVE COURSE IMPLEMENTATION

CV: Self-study for courses in 3rd and 4th Semester

ME: Strength of Materials, Fluid Mechanics, Machine Tools and Machining, Mechanical Measurements & Metrology, Kinematics of Machines, Fundamentals of Heat Transfer, Computer Aided Machine Drawing

EC: Two courses per semester from III-VII Semesters:

IM: Self-study course implemented for III & IV Semesters

CS: Two Comprehensive courses with project base learning and Rubrics base assessment system

ML: Mini project for two comprehensive courses

MCA: Comprehensive Course from II Semester

5. ENHANCE THE OUTPUT IN RESEARCH AND CONSULTANCY

Centre of Excellence / Innovative Labs are established

Number of initiatives employed in sensitizing / promoting research climate in the institution.

The departments have also initiated various measures to promote research culture which have resulted in increasing research proposals and publications.

The Institution provides cash incentives for research publication in Refereed journals having impact factor between 0.5 to 1.0. So far, 33 faculty members have been cash incentives under this scheme. For the year 2015-16 Thirteen Faculty members were provided cash incentives.

An exclusive budgetary allocation of 129.92 Lakhs have been made for R&D (2015-16)

To recognize inspirational thinking of students Best Students Projects are awarded

The Laboratories were augmented by procurement of sophisticated equipment /LRs

THE OUTCOMES ARE AS FOLLOWS:

83 External Research Projects, in total, worth Rs.1274.32 Lakhs are currently on-going;

39 External Research Projects have been obtained during 2015-16, worth Rs.341.96;

05 patents have been granted; a total of 10 patents have been applied during 2015-16;

23 Research Award / Recognitions have been received by faculty and Research Fellows during 2015-16;

289 Research Scholars are currently registered/pursuing their doctoral degree at fifteen Research Centers of the college;

12 faculty members acquired their doctoral degree during 2015-16;

B M S COLLEGE OF ENGINEERING, BENGALURU

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

07 PhDs have been produced through college Research Centers during 2015-16;

358 papers were published / presented by faculty in various National/International/Seminars/ Conferences/Journals during 2015-16;

42.00 Lakhs generated by the faculty under IRG through consultancy (29 Projects);

6. ENHANCE THE INDUSTRY-INSTITUTE COLLABORATIONS

A) ADJUNCT FACULTY:

INDUSTRY EXPERTS DELIVERING PART OF SYLLABUS IN VARIOUS COURSES

CV: Dr. M S Sudarshan from Torsteel Research Foundation, India handled classes for PG, Construction Technology

ME: Industry experts delivered part of syllabus in Solar Energy

EC: ECE department has recruited TWO adjunct Faculty mentoring student projects and handling a PG course (Advanced Embedded system design)

AT: Visiting faculty from the Industry in all Studio courses. 25% of the subject content is delivered by the visiting faculty from the profession and the Industry

CS: Activities are organized through SAP

a) Code Jam focused on Java based development on SAP HANA Cloud Platform using Eclipse IDE-21st August 2015 b) Design Thinking Phase shift 2015-20th September 2015 c) Build the Talent of the Future for the Digital Enterprise-25th November 2015 d) Visit to SAP campus-10th March 2016

CH: Dr. Janhavi Raut, Director, Health Care, Unilever, Bengaluru, TOPIC: RHEOLOGY in FMCG - Part 1

BT: Equipped labs with exhaust hood, Established Basics of Computer applications Lab (Mr.S.Pradeep), Dr. Jayshree

MCA: One Adjunct/Visiting Faculty is recruited to teach Professional Communication for I semester.

B M S COLLEGE OF ENGINEERING, BENGALURU

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

B) COLLABORATION WITH INDUSTRIES

RESEARCH AND INNOVATION PROJECTS-PRODUCT & PROCESS DEVELOPMENT

ME:3D PLM Product Innovation Lab: Innovative Projects such as Robotic Arm, Automatic Wiper systems, Auto simulator, Humanoid Robot, Digital Manufacturing (Self learning). : i)Innovative Virtual Product Development leading to Entrepreneurship, ii) Addresses Environmental & Societal issues by Virtually Simulating the actual conditions.

EC: Prof. B S Nagabhushana from ECE has successfully completed one consultancy project from ABBGISL on Protocols for Industry automation and shorting completing second consultancy from ABBGISL on HETNETS.

AT: Monsoon Studio was conducted in collaboration with Department of Urban Land Transport (DULT), won the International Competition for the study and Rejuvenation of Badami Old Town, Karnataka, Live projects taken up as Joint ventures with Government bodies, NGO s and Industry.

CS: Students completed projects at CDAC and EMC Corporation, At CDAC project on Big Data and its application, At EMC project on COPRHD framework (open source)

CH: HIKAL Private Limited

BT: Submitted proposal to MEOF in collaboration with CLEANERGIS BIOSCIENCES Pvt Ltd, i) Collaborated with Vital Bioscientific Solutions Pvt Ltd, Incubation Centre, IITM, for the development of miniature version of portable TEER instrument, ii) Have collaborated with NRPL, Bangalore for Research projects, They have given one proposal (proof of concept) which could lead to process development.

MCA: Collaboration with Altimetrik and Johndeere , Ms.Enterprise Atlas have been done to carry out Research and innovation projects

VISION

Promoting Prosperity of mankind by augmenting human resource capital through quality Technical Education and Training

MISSION

Accomplish Excellence in the field of Technical Education through Education, Research and Service needs of Society

B M S COLLEGE OF ENGINEERING, BENGALURU

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

C) ENHANCING VARIOUS ACTIVITIES WITH INDUSTRY LEVERAGING ON THE EXISTING MOUs

- ME** Internships to the students by 3D PLM Product Innovation Lab: Procured two licenses of “Calypso” software in Measurements and Metrology applications. MoU with M/s, Carl Zeiss has been instrumental in development of industry specific curriculum, site visits to students, internship opportunities and training for faculty in the field of industrial metrology.
- EE** Joint publication on work carried out through SAPPDS by BOSCH submitted to IndiconIISc, results awaited, PG projects executed and PG students recruited in Alpha Design Technologies, Centum Electronics, Robert BOSCH, Fluxgen Technologies Pvt.Ltd etc.
- EC** Electronic Skill sector council (ESSCI) has set up a skill training center in VLSI and embedded system domain for both faculty and students, Robert Bosch (RBEI) has setup an Embedded system Lab for Automotive system development in the department as a part of MOU, India Electronics Semiconductors Association (IESA) has connected various professionals in associating with the department, IOT course is introduced as a Electrical cluster elective (VII semester) with Lab component as a credited course taught by NOKIA,
- IM** Department is having an MOU with CIM Tools Pvt. Ltd. Bengaluru for educating students by fetching them Internships and scholarships, and also sponsoring for phase-shift event.
- CS** At EMC Students Completed a project on COPRHD framework (Open Source)
- TE** Last year we had 50 students (from TE and CS), training on various CISCO certification programs through their partner, This time there is a plan to repeat the training for students from ES and CS cluster, through a suitable MOU
- CH** M/s Yokogawa India Ltd., conducted value added course on “*Field Instrumentation and PLC*” 10-09-2015 to 15-09-2015
- BT** Live projects, internships, collaborative projects, Module teaching, Curriculum development and Outcome based education
- MCA** Department is conducting various activities such as Seminars, Workshops, Industrial visits and projects with industry leveraging on the existing MOUs
- MBA** The students attended MANTHAN – a business level competition at FKCCI. Conducted Management clinic in association with FKCCI and consultancy projects are being tried.

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

D) INTRODUCE INDUSTRY DRIVEN/OFFERED COURSES (ONE CREDIT COURSE IN HIGHER SEMESTERS)

EC: NOKIA resource persons have delivered 10Hr as a part of NOKIA lecture series on LTE, 5G etc.

AT: Students undergo 32 weeks of Professional Training for 24+24 credits in 9th and 10th semester, Electives of 2 credits are offered by the Industry specialists in Photography, Product Design, Film making, Presentation Techniques and Urban Design.

TE: The revised curriculum has opportunity to include industry supported 1-credit elective courses, It is proposed to interact with the industries towards offering the following courses: i) System Design by National Instruments ii) Optimization by Math works iii) Switching by BSNL iv) Networking by CISCO v) Communication by ISRO

CH: SKDA & PLC, ABB India Ltd.,

MCA: A two credit course - Innovation and Entrepreneurship has been introduced in II Semester.

7. INTRODUCE NEW PG PROGRAMS

The Management has decided not to seek any new programmes until 2017-18. It is also proposed to seek variation of intake for the UG programme of CSE from 120 to 180 in the academic year 2017-18.

8. FOSTER CREATIVITY AND INNOVATION

A) FINISHING SCHOOL FOR STUDENTS

EC: The department conducted a course on physical design for the benefit of outgoing students of 2015-16 batches.

IM: Department is providing the training on CNC and Robot

CH: Conducted Value Added course on "Field Instrumentation and PLC" in Association with M/s Yokogawa India Ltd.

MBA: Outbound training programme was conducted by Pegasus a well renowned brand in the training industry in India. The aim of the programme is to equip the students regarding industry and employment opportunities.

B M S COLLEGE OF ENGINEERING, BENGALURU

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

B) ESTABLISHING CENTRE OF EXCELLENCE IN BIG DATA AND SENSOR NETWORKS

MCA: Data Analytics Research Laboratory and Innovation Cluster Lab is established as Centre of Excellence through Big Data and IoT respectively.

C) ESTABLISH INCUBATION CENTERS

EC: The department is in the processes of starting CIIR (Center for Innovation and Industry relations) with Alumni support.

IM: M.S.M.E., Govt. of India,

BT: CLEANERGIS BIOSCIENCES Pvt, Ltd,

MCA: One of the vision of Innovation Cluster Lab includes Guided Entrepreneurship.

9. DEVELOP NEW CURRICULAM FOR 2016-18

A) DESIGN & DEVELOPING CURRICULUM FOR PG PROGRAMMES UNDER AUTONOMOUS STREAM

CV Curriculum for PG programmes developed for autonomous stream with courses having self-study component

ME M.Tech. in Machine Design, M.Tech in Manufacturing Science & Engineering

EE Curriculum revised for UG autonomous stream with several new core courses introduced such as Electrical Energy systems, C++ Programming for Engineering Applications, Power Electronics I and Power Electronics II, revised syllabus of Digital Signal Processing. Curriculum revised for PG courses with several new courses introduced such as Research methodology, Digital measurements, Renewable energy and Photovoltaic, Micro and Smart systems, Real time DSP, Modeling and analysis of Electrical Machines. Introduced self-study component courses, integrated labs for core courses in the revised PG syllabus, Introduced Technical seminar in 4th sem for PG course.

B M S COLLEGE OF ENGINEERING, BENGALURU

STRATEGIC PLANNING: COMPLIANCE TO THE STG (JULY 2015-JUNE 2016)

- EC** With autonomy for PG programs, Curriculum design for PG programs is done working with Industry closely
- IM** Preparing for post-Graduation course for Industrial Engineering
- AT** Syllabi restructured for PG after discussions and deliberations taking current global best practices into account
- CS** PG curriculum framed with effect from 2016-2017
- TE** Plan to introduce PG programs in the following domain: Signal Processing, Telecommunications System Management, Networking
- MCA** Academic Autonomy for MCA program is granted from 2016 and Syllabus for I year MCA is framed
- MBA** The MBA program consists of 4 semesters and 100 credits. First and second semesters will have core courses, zero credit mandatory courses and one seminar each. The core courses are designed to address the basic concepts in the functional and cross functional areas of management. Seminar topics are identified in such ways that they will make the students learn and understand the contemporary issues in the field of management. Third and fourth semesters along with the core courses will introduce the students to their choice of specialization. Students can choose either a functional discipline or a combination of functional and cross functional disciplines as their specialization. The courses will be offered in 4 areas of specialization viz., Financial Management, Marketing Management, Human Resources Management and General Management. In each specialization there are 6 courses offered as functional and 2 courses offered as cross functional disciplines. The cross functional discipline will help students to learn and acquire inter disciplinary knowledge. Apart from this, the student will have an opportunity to do an internship for 4 weeks between second and third semester in an organization which gives them corporate exposure and a learning experience. During the fourth semester, the student will take up a final project for 6 weeks in their area of specialization. Here the student can affiliate with an organization or do an independent research in any area of interest and submit a report.

B) INTRODUCE MID-COURSE SURVEY AND COURSE END SURVEY. INTRODUCE INDUSTRY RELEVANT COURSES, ENCOURAGING INTER-DISCIPLINARY PROJECTS

CV: Course end survey is being done.

ME: Course End Survey introduced in few courses.

EE: Interdisciplinary project executed in association with CSE and TCE departments. Course end surveys conducted for courses offered.

EC: NOKIA resource persons have delivered 10Hr as a part of NOKIA lecture series on LTE, 5G etc.

IM: feedback from students, and from the teachers.

AT: Inter-disciplinary Projects involving: a) Art and Architecture

b) Digital Media & Architecture c) Building Services & Architecture

d) NOKIA resource persons have delivered.

CS: A course software project management and finance is introduced in its start by industry expert.

CH: The PG Biochemical Engineering is now autonomous. The curriculum helps in developing both fundamental and design skill of the students. In 3rd and 4rd Semester students will undertake industrial training and project. In 1st & 2nd semester they will learn all the core and electives so that they are ready with all the required Program Outcomes by the end of first year.

BT: Genome informatics, Biotechnology for Society.

MCA: Course End Survey has been already adopted in the Department and an Industry relevant course is introduced during Autonomous batch of 2016.

ACADEMIC AUDIT

- i. Academic audit was conducted at department level comprising of senior faculty members during **08.06.2015 to 10.06.2015** to verify the following:
 1. Course Files (updated)
 2. Attendance Registers
 3. Documents related to Quiz/AAT
 4. CIE - Question papers & Answer booklets
 5. Project related documents
 6. Proctor dairies
 7. Achievement of Course outcomes

CENTRE FOR INNOVATION INCUBATION AND ENTREPRENEURSHIP (CIIE)

by
Dr H N Suma
Professor
Department of Medical Electronics,
BMSCE, BANGALORE-19

THE PROPOSAL

CIIE is to facilitate Innovation through Research and collaboration for translating domain expertise into products or technologies.

The Centre aims at fostering entrepreneurial spirit, promote start-ups by providing appropriate incubation facilities, offer consultancy services and improve industry institute interaction.

VISION

To create products and technologies that address the societal needs and also nurture the innovative minds to emerge as job providers.

MISSION

Create an ecosystem to nurture innovation and entrepreneurship through incubation support, facilitation of technology transfer for commercialization by multidisciplinary approach.

OBJECTIVES

- Promote culture of entrepreneurship through various activities - Entrepreneurship Awareness Camps (EAC), Entrepreneurship Development Programmes (EDPs), education, training, Summit, FDP, MDP, Discussion Forums) that facilitate creativity and innovation.
- Build strong network of Mentors/Advisors across the verticals.
- Provide necessary infrastructure support to incubates to progress in their ideas.
- Facilitate interaction between industry, institution and funding agencies to transform concept to commercialization
- Leverage schemes of the Government bodies towards promoting entrepreneurship.
- Foster and sensitize family business through education, awareness and mentoring and also encourage social entrepreneurship.

OUTCOMES

- Achieve 2 % start-ups/Entrepreneurs on campus during the first two years.
- Transform at least 10% of prototypes and proof of concepts into Product/Technology/Service across the campus every year.
- Become a hub for entrepreneurial activities across the state.

Acknowledgments

- Prof. Dr. H P Khincha, Chariman, Karnataka State Innovation Council
- Dr. Shyam Vasudev Rao, Technical Director, Masstricht University Education and Research Center

THANK YOU

The Committee also noted that payment for a few bills are kept pending owing to the lack of funds and that a request for the release of Rs.100 lakhs as advance from the management has been sought for continuance of the TEQIP activities till the release of grants from SPFU.

Further, the committee authorized the Principal to re-appropriate the funds as and when required based on the activities if any and to place before the sub-committee for ratification.

10. Conduction of PHASE SHIFT 2016

The TEQIP Coordinator-II informed the committee that a National level Annual Tech Symposium, 'PHASE SHIFT-2016' with the theme of "Internet of Things (IOT) was conducted in the college under Industry-Institute-Interaction activity of TEQIP during September 23-24, 2016 with a financial assistance of Rs.8, 67,941/-, from TEQIP II funds. He also informed the committee that PHASE SHIFT-2016 proved a huge success with conduction of 93 technical events such as workshops on various novel technologies, technical writing, panel discussion, hackathons, makeathons, ideathons, paper presentations, treasure hunts using IOT, technical quiz etc., with the active participation of 72 collaborating companies and 53 stalls exhibiting technical developments by the departments, various student societies on campus and industries. The committee appreciated the successful conduction of the event involving all departments of the college and ratified the financial assistance extended for the event.

11. Award/Renewal of Teaching Assistantship & Research Assistantship under TEQIP –II

The committee noted that presently, the assistantship to M.Tech/Scholars are withheld temporarily till the receipt of grants. The committee accorded approval for the continuance of teaching assistantship to final year M.Tech students & Research Assistantship to research scholars till the month of February 2017.

Further, the committee noted that applications for the award of teaching assistantships [TA] have been called from students admitted to M.Tech programs during 2016-17 and 124 students have submitted the applications seeking teaching assistantship. After deliberations, the committee accorded approval for the award of teaching assistantship of Rs.5,000/- per month to 124 M.Tech students with effect from 1st October 2016 till the end of February 2017.

12. Progress Review meeting of TEQIP-II institutions:

The committee took a note that the Principal and Dr. L. Ravikumar, TEQIP Coordinator-II attended the review meeting of TEQIP II institutions held on 29th December 2016 at SPFU, Karnataka. The committee also noted that Principal & TEQIP Coordinator-II made a presentation on the progress achieved so far under TEQIP-II & COE before the NPIU & SPFU officials. Further, the committee noted that NPIU officials had appreciated the performance of TEQIP activities in the college during the review meeting.

13. Review of COE:

The committee noted that Dr. Chandra Shekar Upadhyaya from the department of Aerospace Engineering, IIT-Kanpur nominated by NPIU visited the college on 22.7.16 for review of the progress of COE in the college. Also, the committee noted that the reviewer has stated in his review report that the progress has been excellent and the COE is on-track to achieve its stated goals and appreciated the same.

Further, the committee noted that the NPIU in its communication dated 20.12.2016 [Annexure- 9] has sent the Review report as obtained from the Peer Reviewer and has requested the institution to provide comments on the Review sheet, if any. Further, the committee perused the review sheet and noted that the institution is required to draft an Action Plan based upon peer evaluation comments with concrete and time bound initiatives to implement the recommendations including plans for sustainability of equipment – their use/maintenance etc. and research fellowships indicating concrete suggestions (that can be shared by NPIU with our Mentor, SPFU and the peer reviewer for review). Also, the committee noted that the COE- coordinator has sought ten days time for submitting the said plan.

14. COE review meeting

The committee noted that Dr. Chandasree Das, Principal Investigator of COE attended the review meeting organized by NPIU on 19th October 2016 at New Delhi to assess the progress made by each CoE. The committee also noted that during the meeting, Dr.C.S.Upadhyay, IIT-Kanpur nominated by NPIU as reviewer for COE activities of the college expressed satisfaction about the progress made under COE.

15. Workshop on Good Governance:

The committee noted that Principal, Dr.K.Mallikharjuna Babu and Dr.Ravishankar Deekshit, Dean[Student Affairs] & member of BOG attended the workshop on Good Governance organized by NPIU on 30th August 2016 at India Habitat Centre, New Delhi.

16. Request seeking for continuance of the services of Dr. Arun Kumar as adviser

The committee noted that the department of Mechanical Engineering has sought for continuation of the services of Dr. Arun Kumar, former scientist, Dy. Director, NAL as an expert advisor for R & D activities of the department till the end of February 2017. After deliberations, the committee ratified & accorded approval for the same with financial assistance from TEQIP II on the terms as approved earlier.

17. Online web based satisfaction survey for Students, Faculty & Staff:

The committee took a note that NPIU through its communication dated 23.8.2016 informed that online web based satisfaction survey for Students, Faculty & Staff is a mandatory activity under TEQIP-II for assessing the performance of the institutions. The committee also noted that all the students and staff members were informed to participate in the said survey and was completed on 19.9.2016. Further, the committee also noted that the 2nd round of web based student, faculty and staff satisfaction survey has commenced on 16th December, 2016 and scheduled to be completed by 9th January, 2017.

18. Procurement under COE :

The committee took a note of the status of expenditure under Centre of Excellence as mentioned below.

Sl. No.	Head of expenditure	Amount spent as on 31.12.16
1	Procurement	310.21
2	Assistantships	51.94

The committee also noted that as per Project Implementation Plan[PIP], the institutions can re-appropriate the funds based on requirement upto a maximum of 35% of total allocation i.e., Rs.175 lakhs amount for the head of expenditure cited under at Sl. Nos. 2-5 and accorded approval for re-allocation of funds based on requirement and ratified the expenditure incurred so far. Further, the committee authorized the Principal to re-appropriate the funds as and when required based on the activities if any and to place before the sub-committee for ratification.

The committee also noted that NPIU & SPFU had communicated wide their mail dated 22.9.15 that if the institutions want to utilize 100% of fund allocation for procurement, they may add extra few packages limiting to 20% over and above maximum allocated fund for procurement. The committee took a note that owing to the aforesaid communication, approval for re-appropriation of funds under procurement head upto a total of Rs.320 Lakhs was accorded and procurement process was initiated accordingly. The committee also noted that as on date, Rs.310.21 lakhs have been spent on procurement.

Further, the committee noted that during the review meeting held on 29.12.16 at SPFU, NPIU officials have informed that the institutions were supposed to plan for 20% procurement in addition to the allocated funds and was not supposed to go ahead with the plan. In view of the above, the committee informed the Principal to stop the further procurement processes and request the concerned officials at NPIU/SPFU for their kind consideration to allow the procurement already made to the extent of Rs.310.21 and for permission to allocate the interest earned on grants to the full extent for procurement.

During deliberations, the committee noted that as per the minutes of the COE review meeting conducted at New Delhi on 19th October 2016, it has stated that 'where required, some portion of the grant could be transferred from sub-component 1.2 to 1.2.1 and vice versa'. The committee informed the TEQIP team to seek extension of period for COE activities and if the COE is to be closed by 31.3.17, to seek permission for transfer of unspent fund under COE to TEQIP II activities owing to the closure of the project period.

19. Award of Teaching Assistantship under Centre of Excellence[COE]

The committee noted that applications for the award of teaching assistantships [TA] under COE were called from students admitted to M. Tech [Manufacturing Science] during 2016-17 and 15 students have submitted the applications. The committee

accorded approval for the award of teaching assistantship of Rs.8,000/- to all the 15 eligible students with effect from 1st October 2016 till the closure of the project and also ratified the continuance of teaching assistantship for the final year M.Tech students and research assistantships to research scholars till the end of the project period.

20. Faculty visit abroad:

The committee noted that Dr. M. Ramachandra, Professor of Mechanical Engineering and Coordinator & Principal Investigator, COE in Advanced Materials Research and Dr. S.Srinivas, Associate Professor in the department of Mechanical Engineering and Principal Investigator, COE in Advanced Materials Research were specially invited to chair a session at the high-impact ICCM 2016 - international conference on Composite Materials organized by the World Academy of Science, Engineering & Technology at London, UK during October 17-18, 2016. The committee noted that the said faculty members have chaired the sessions and also have presented their research papers titled "Evaluation of corrosion property of Aluminum-Zirconium dioxide($AlZrO_2$) Nano composites" and "A model for predicting depth of penetration in abrasive waterjet cutting of polycrystalline ceramics" respectively. Further, the committee noted that Dr. M.V.Murugendrappa, Associate Professor in the department of Physics and Principal Investigator, COE in Advanced Materials Research presented his research paper titled "Structural and Electrical characterization of polypyrrole and cobalt aluminum oxide nano composites" through Skype owing to visa issues. The committee took a note of the reimbursement of expenses made to the aforesaid members and ratified the same.

21. TEQIP III Participation:

The committee noted that NPIU in their communication dated 6th January 2017 has informed that the Third Phase of Technical Education Quality Improvement Programme (TEQIP-III) has been approved by the Govt. of India to be implemented as a 'Central Sector Scheme' with total project outlay of Rs.3600 crore. The committee also noted that however, the Project is being initiated with an initial cost of Rs 2660 Cr; the initiation and implementation of the project TEQIP-III will bridge the gap for the institutions in the central, eastern and north-eastern region and hill states with specific interventions. The committee further noted that well performing institutions of TEQIP-I & II will be considered for participation under Sub- Component 1.3: Twinning Arrangements to Build Capacity and Improve Performance of Participating Institutions and ATUs in the Focus States. Further, the committee noted that for this purpose, for ranking of the institutions, the details of performance indicators have been asked [Annexure-10].

6.2 MINUTES OF THE 18th MEETING OF THE SUB-COMMITTEE OF BOG OF TEQIP PHASE-II HELD ON 06.06.2016

The Vice-Principal and the TEQIP Coordinator-I apprised the Board that the 18th meeting of the sub-committee of BOG of TEQIP Phase-II was held on 06.06.2016 and the minutes has been circulated to all the members by email.

The Board noted the following points:

- Release of first installment of additional grants of Rs.250 lakhs by GOK;
- Release of second and final installment of COE grants of Rs.166.67 lakhs by GOK;
- Approval accorded by the sub-committee for the release of Research Assistantship and Teaching Assistantships;
- Approval accorded by the sub-committee for various procurement and academic activities;
- Approval accorded by the sub-committee for conduction of 3rd version of PhaseShift2016 as part of the activities of IIC

The Board noted all the activities conducted/approved by the sub-committee and approved the minutes (Annexure-VIII) of the 18th meeting of the sub-committee of BOG for TEQIP.

6.2.1. Financial Assistance to Dr.Gurumurthy Hegde:

Dr.Gurumurthy Hegde, Associate Professor, BMS R&D Centre has been invited to deliver a Keynote speech in the 2nd International conference on Science, Technology and interdisciplinary research being organized by the University of Lampung, Indonesia at Bandar Lampung, Indonesia during August 22-25, 2016. The BOG perused the recommendations of the internal and external screening committees and accorded approval for sponsoring Dr.Gurumurthy Hegde's visit to Indonesia, by providing financial assistance of about Rs.42,000/- from the funds of Centre of Excellence under component 1.2.1 of TEQIP Phase-II.

6.2.2. Proposal for implementation of reduction of grants under GIA by the DTE

The Vice-Principal & TEQIP Coordinator-I informed the Board that the college received an amount of Rs.9.254 crores under TEQIP Phase-I during 2005 to 2009. All the participating institutions of TEQIP Phase-I have signed an MOU with the state government on 26th August 2005. As per the MOU, it has been agreed for the reduction of grant-in-aid from 85% to 50% over a period of 20 years @ 2.5% per annum commencing after the completion of moratorium period of five years. The DTE informed the college through the letter dated 21.6.2016 that the reduction of grant-in-aid shall commence during the current financial year. The Vice Principal informed the Board that the institution submitted a request to the DTE/SPFU to consider the amount released under TEQIP I as grant and not as loan.

The Board took a note of the same.

6.2.3. Procurement of Solar PV Wind Hybrid with micro grid under TEQIP II

The Board took a note of the approval accorded by the sub-committee *by circulation* for procurement of 'Solar PV Wind Hybrid with micro grid for R&D activities of Department of Electrical & Electronics Engineering' at an estimated price of Rs.16 lakhs and accorded approval for the said procurement.

2.1.1	IMPLEMENTATION OF GOOD GOVERNANCE	1(one)
2.2	PROJECT MANAGEMENT, MONITORING AND EVALUATION	1(one)

	INSTITUTIONAL PERFORMANCE PROFILE GRADES AND CRITERIA DESCRIPTIONS
1.	Substantial evidence of good practice in the quality and standards achieved (Assessment identifies clear supporting evidence for at least 75% of the relevant practices.)
2.	Some evidence of good practice in the quality and standards achieved (Assessment identifies clear supporting evidence for at least 50% of the relevant practices.)
3.	Not in place (there may be one of the three primary reasons for this: a) no evidence can be found, b) there is evidence, but it is not of acceptable quality, or c) that there are plans for development but these have not yet taken place - in which case the auditor can indicate the expected date of completion/implementation but the grade should remain 3.)

NOTE: Supporting evidence: The grade descriptors have two elements: one relating to the amount of the evidence (none, some or substantial); and one relating to the quality of the practice about which the evidence is gathered (is it good quality, or not?). So, for example, a grade of 1 means both that the evidence is good quality and that there is a substantial amount to demonstrate that it is of good quality (75% or more for the practices found).

<ul style="list-style-type: none"> Improvements in (and/or updating, more relevant) course assessment methods 	<ul style="list-style-type: none"> Continuous monitoring & assessment of academic progression of a student is in vogue Continuous Internal Evaluation: [CIE] through tests, quizzes and alternate assessment tools (seminars, assignments, mini projects, writing technical papers, etc.,) The Alternate Assessment Tool (AAT) was at 10% of internal assessments, and now is being increased to 20% of the internal assessment. Comprehensive course consisting of theory, lab component and self-study have been introduced. Students are encouraged to work on open ended experiments, mini projects. Process of evaluation of Semester End Examinations [SEE] <ol style="list-style-type: none"> If number of scripts >20, valuation is done by the internal examiner & 30% of scripts are reviewed by the external examiner. If number of scripts ≤20, double evaluation is done (internal and external valuers), average of the scores awarded is considered for award of final grade. In case of double evaluation, if difference in marks is >15 marks, then the paper will go for third evaluation and the third valuation is by an external examiner. Once third valuation is over, average of closest two scores is considered for the award of final grade. Usually, valuation process will get over within a week from the last day of the examination. <p>Evidence: Office records and Interactions with COE, faculty and students.</p>

MONITORING AND PROJECT OUTPUT OUTCOMES, ACHIEVEMENTS	SUPPORTING EVIDENCE (NOT GRANTED, BUT SUPPORTED BY SOLO/COMBINED EVIDENCE OF ONE LEVEL OR MORE FROM THE INSTITUTIONAL, DEPARTMENTAL, PROJECT, COURSE, AND INDIVIDUAL LEVELS)
<p>A. Implementation of academic and non-academic reforms, including:</p> <ul style="list-style-type: none"> Improved understanding of the need and ways for increased autonomy, and new instruments for accountability Modernization and decentralisation of administration and financial management 	<p>Academic Autonomy – UG Programmes Academic autonomy has been awarded to the college by the Government/University for UG Programs from the academic year 2008-09 onwards. UGC vide its letter dated 09.3.2016 has granted extension of autonomous status for 2014-15 and 2015-16 academic years and UGC expert committee's visit is scheduled during August 26-27, 2016 for continuation of autonomous status of the institution.</p> <p>Institution has framed need-based curriculum from the inputs of industry representatives on the BOS & AC, keeping employability factor and also introduced new courses. Parts of these courses are also imparted by the experts from the industry.</p> <p>Academic Autonomy – PG Programmes The Academic Autonomy for PG Programmes is being implemented with effect from the academic year 2016-17.</p> <p>Evidence: Institutional Response Form</p> <p>Various department/section level Committees involving all stake holders in the decision making processes are formed.</p> <p>The tuition and miscellaneous fee constitutes the major financial resource. Grants are also received from DST, AICTE, VTU towards R&D activities etc.</p> <p>The Head of each program in consultation with the faculty and staff arrives at annual requirement of Department and submits the same to the Principal. The finance committee makes budgetary allocation to the department after a scrutiny of the proposals received. The Proposals with thrust on academic excellence, research and Development are favourably considered and encouraged. The recommendations of the finance committee are placed before BOG for its approval. The Finance Committee meets at least twice in a year and monitors the utilisation of the budget.</p> <p>Four funds (Corpus Fund, Staff development fund, Maintenance Fund, Equipment replacement fund) are established to ensure financial sustainability. At present, the accounting system is semi-automated. Efforts are on to make the accounting system fully automated for better and effective control.</p>

<p>▪ Extent of delegation of administrative and financial decision making powers to senior functionaries</p>	<p>Departments are autonomous in terms of their academic functioning and have separate bodies to regulate their academic works. A GOOD GOVERNANCE DOCUMENT approved by the BOG is in place. The roles and responsibilities of the Chairman, Member-Secretary and other committee members are well-defined.</p> <p>As documented in the GOOD GOVERNANCE DOCUMENT, in addition to the statutory committees like Finance committee, academic council; various other committees such as Library Committee, Hostel Committee, Building & Works committee, Sports & Cultural Committee, Departmental Procurement Committee, Departmental academic committee etc., are constituted with senior faculty members of the departments to facilitate smooth functioning and administration.</p> <p>The HODs enjoy financial powers upto Rs.1 Lakh and the Principal upto Rs.25 Lakhs as evidenced in the minutes of the BOG. It is observed that the decentralization of powers and functioning exists to maximum possible extent through the appointment of Vice Principal, Dean (Academic), Dean (Student affairs), Dean (First Year), Dean (PG Studies) and Controller of Examinations. Majority of decisions are taken at the meetings of the HODs [College Council]/College Core Committee comprising of Principal, Vice-Principal and Deans.</p>
<p>• Responsiveness to stakeholders (students, faculty, staff, industry, local communities)</p>	<p>Representatives of faculty and students participate in the proceedings of the BOG and academic council. Minutes of the meetings of BOG, AC are placed on the College website. Atleast 50% of the faculty members are involved in decision making process through various committees.</p> <p>All the important decisions are being brought to the notice of the concerned through circulars, Information booklet etc., in addition to maintaining the same on the college website (www.bmsce.ac.in).</p> <ul style="list-style-type: none"> ◦ The academic progression of a student is continuously monitored and assessed. The system of Continuous Internal Evaluation helps to ascertain the academic standard of the student from time to time and impart remedial measures ◦ Grievance Redressal Committee (GRC) is constituted to redress the grievance of students and parents. ◦ Student Feedback Committee facilitates the evaluation of teachers' performance by students and on all aspects. ◦ The Institution provides financial incentives for the students who excelled in academics and those who are proficient in sports and represented the Institution at the National/State/University level. ◦ Best student projects are identified and the students felicitated on the occasion of Engineers Day. ◦ College offers support services for students and promotes student participation in organizational aspects of all academic, social, cultural, recreational and governance programs. ◦ Periodical Parent-Teacher Meetings are conducted. ◦ Faculty are involved in all the student activities. ◦ NCC, NSS units and various student clubs under the guidance of faculty are organising community service programmes like Blood Donation Camps, Swacha Bharath, Special Social Service Camps in a group of selected villages, training to school children in the schools adopted by the college, Awareness programmes and activities with NGOs.

<ul style="list-style-type: none"> ▪ Institutional quality assurance and enhancement strategies, including student feedback mechanisms 	<ul style="list-style-type: none"> • Proctor System: Each student is assigned to a faculty advisor (Proctor), who keeps track of academic progress of the students. • Academic Progression of a student is continuously monitored and assessed • Remedial measures are incorporated from time to time • Internal quality assurance cell (IQAC), departmental academic committees(DAC) are working towards maintaining standards through periodical result analysis • Views of student representatives are heard in BOG and academic council and discuss the same before arriving decisions on the concerned viewpoints. Minutes of these meetings are placed on the college website for information of the stake holders. • Laboratories & Library are augmented and made available for the users, (students/faculty) at extended hours. • New faculty members are encouraged to pursue R&D activities by providing seed money. • Institution has a strategic plan drawn for both long term and short term goals. Implementation of strategic plan is regularly monitored by BOG. • Parent – proctor meetings are conducted at regular intervals. • Evaluation of teachers through online student feedback, thrice in a semester is in place. • Online student feedback on the course work, facilities of institution, academic activities is received once in a semester. • Each department is mandated to conduct a minimum of 4 Industrial visits by students during a semester. • Experts from industry are invited to deliver guest lectures. • Personnel from industry are invited to be the members of BOS and academic council • Faculty are collaborating with industry personnel for guiding the student projects and other R&D activities. • College is offering industry driven institutional electives. • Regular academic audits by both internal and external experts are in vogue • Efforts are being made to incubate the ideas of students and develop products in collaboration with industry • An Entrepreneur Development Cell (EDC) is working towards nurturing the idea of entrepreneurship among the students. • Grievance Redressal Cell constituted deals with the redressal of grievances if any of students, parents and others in the college.
<ul style="list-style-type: none"> • Maintenance of academic and non-academic infrastructure and facilities, including sufficiency and quality of academic buildings 	<ul style="list-style-type: none"> • All Major equipment and software are under AMC. • The Data Centre monitors Campus Wide Networking in the college. • Sufficient budgetary allocations are made by the Management for maintenance and upkeep of Physical Infrastructure. The Building & Maintenance Section of the college oversees the requirements of all the stake holders and maintenance of all physical facilities. The Building & Works Committee monitors the activities/improvements related to the infrastructure facilities. • Available space has been utilised optimally. • Water and energy harvesting methods are in vogue
<ul style="list-style-type: none"> • Development, maintain and utilisation of institutional resources 	<ul style="list-style-type: none"> • Maintenance activities of the institution are being met out of the income generated by the institution • Tuition and miscellaneous fee constitutes the major financial resource. MONITORING AND PROJECT OUTPUT/OUTCOME PARAMETERS		SUPPORTING EVIDENCE		GRADE
A. PRIMARY ACCOUNTABILITIES				
<ul style="list-style-type: none">Has the Governing Body approved the institutional strategic vision, mission and plan – identifying a clear development path for the institution through its long-term business plans and annual budgets? (Give dates of governing body meetings where the minutes record these matters having been discussed, approved and/or followed up.)		<p>Yes, a Copy of the BMSCE Strategic Plan for the Period 2013-2020 is enclosed herewith. The Strategic Plan has been prepared with a clear objectives and strategies for long term and short term goals. The Management periodically reviews its implementation</p>		
<ul style="list-style-type: none">Has the Governing Body ensured the establishment and monitoring of proper, effective and efficient systems of control and accountability to ensure financial sustainability? (Give dates of governing body meetings where the minutes record these matters having been discussed, approved and/or followed up at the systems level.)		<p>Annual Budget: A proper system for the financial management and control by way of both internal and external audits is in place. Annual Budget is prepared by the Head of the Departments and Principal. The BOG approves the annual institutional budget. Four funds (Corpus Fund, Staff development fund, Maintenance Fund, Equipment replacement fund) are established to ensure financial sustainability.</p> <p>Evidence: The Annual budget for the financial year 2016-17 is approved by BOG in its 62nd meeting held on 31.3.2016. Major amount of four funds are kept as Fixed deposits and is noted as per the Fixed deposit receipts produced during the audit.</p>		
<ul style="list-style-type: none">Is the Governing Body monitoring institutional performance and quality assurance arrangements? (Give dates of governing body meetings where the minutes record these matters having been discussed, approved and/or followed up at the systems level.)		<ul style="list-style-type: none">Transparency in Governance is practiced by way of publishing minutes of meeting of the statutory committees like BOG, AC etc., on the college website.Active participation of all the stake holders in arriving at decisions is seen.The BOG has approved the strategic plan, vision and mission, short term and long term goals and budget based on the strategic plan.The BOG has adopted a well-knit review system to assess the performance of the Principal, faculty and staff. The annual report presented by the Principal is discussed in the BOG meeting.The input quality is measured in terms of CET/COMEDK Ranks etc. and the output in terms of placement, results etc., is evaluated by the BOG in its meetings.		

<ul style="list-style-type: none"> Has the Governing Body put in place suitable arrangements for monitoring the head of the institution's performance? (Give dates of governing body meetings where the minutes record these matters having been discussed, approved and/or followed up.) 	<ul style="list-style-type: none"> The feedback on whether the institution is achieving the intended outcome in comparison with its strategic plan is also seen as one of the parameters of evaluation. <p>Evidence:</p> <p>The BOG in its meeting held on 20.11.14 reviewed the accreditation status (NAAC and NBA).</p> <p>The BOG in its meeting held on 15.7.13 introduced performance based incentive scheme for research in order to enhance research outcomes.</p> <p>The BOG started inviting student & staff representatives to its meetings with effect from 21.11.13 for hearing their views on various academic and administrative matters.</p> <p>Duties and Responsibilities of Principal are clearly defined and approved by the BOG in its meeting held on 16.3.12.</p> <p>A system to review the performance of Head of the Institution is in place. An online feedback from the faculty on the performance of the head of the institution is registered and the same is reviewed by the Chairman BOG every year. The Chairman-BOG also reviews the annual performance report of the Principal.</p> <p>The Principal presents periodical reports on the institutional activities to the BOG. The Principal also provides periodical report on the extent of compliance to the strategic plan.</p>

B. OPENNESS & TRANSPARENCY IN THE OPERATION OF GOVERNING BODIES	GRADE
<ul style="list-style-type: none"> Does the Governing Body publish an annual report on institutional performance? (Give the publication date and type of publication of the most recent annual report, if there is one) 	<p>Annual report is presented and discussed in the BOG. The same is published in the College website.</p> <p>Evidence: The list of important academic/other activities of the college are noted by the BOG in almost all of its meetings and the latest meeting was held on 4.8.2016.</p> <p>The BOG meeting minutes are published on the College website www.bmsce.ac.in.</p>
<ul style="list-style-type: none"> Does the Governing Body maintain, and publicly disclose, a register of interests of members of its governing body? (Given that a formal register is not yet normal practice in colleges, provide evidence of any published information on governing body members' financial and commercial interests) 	<p>BMSCE being an aided institution is an Autonomous institution under VTU adhering to the norms of UGC/AICTE/VTU/DTE as is the case. The BOG composition is as per UGC guidelines. Process of collecting register of interests of BOG members is currently under process.</p>

<ul style="list-style-type: none"> Is the Governing Body conducted in an open manner, and does it provide as much information as possible to students, faculty, the general public and potential employers on all aspects of institutional activity related to academic performance, finance and management? (Say whether the governing minutes are published on the institution website, and note any other steps that the governing body takes to communicate with its stakeholders on its work as a Board) 	<p>Meetings of BOG are held in a transparent manner. Representatives of Faculty and students are invited to participate in the proceedings of the BOG. The minutes of the meetings are published in the College website (www.bmsce.ac.in). The relevant information is shared with HODs, faculty and staff through various meetings/circulars.</p>
C. KEY ATTRIBUTES OF GOVERNING BODIES	GRADE FOR OPENNESS & TRANSPARENCY IN THE OPERATION OF GOVERNING BODIES
<ul style="list-style-type: none"> Are the size, skills, competences and experiences of the Governing Body, such that it is able to carry out its primary accountabilities effectively and efficiently, and ensure the confidence of its stakeholders and constituents? (Specify the range of skills and experience that the members of the governing body, and especially the external members, have) 	<p>The BOG of BMSCE has been constituted as per the UGC guidelines (UGC XI Plan). The BOG consists of independent representatives from State Government, UGC, University & Industry, two senior faculty members of the institute in addition to three members from the Trust. BOG interacts with student and faculty representatives during board meetings.</p>
<ul style="list-style-type: none"> Are the recruitment processes and procedures for governing body members rigorous and transparent? (Specify how governing body members are selected, and whether that process is transparent) 	<p>The BOG is constituted as per UGC guidelines. The Management nominees are decided by the Council of Trustees, BMSCE</p>
<ul style="list-style-type: none"> Does the Governing Body have actively involved independent members and is the institution free from direct political interference to ensure academic freedom and focus on long term educational objectives? (Give examples, where possible, of the role of external members in improving the performance of the institution) 	<p>The BOG comprises of members with strong academic background and administrative experience. This has vastly contributed to the success of the Institution. The BOG is free from any political interference. The Academic Council, the highest academic body is responsible for setting academic standards, policies and procedures. The role and responsibilities of the Head of the institution, who is also serving as the secretary of the BOG are clearly defined.</p>
<ul style="list-style-type: none"> Does the Governing Body meet regularly? Is there clear evidence that members of the governing body attend regularly and participate actively? (State the number of meetings in the last year, and the average number of those Board members present and those members absent at those meetings) 	<p>Yes. The BOG meets at regular intervals and the participation of the members is evident from minutes of the meetings.</p>
D. EFFECTIVENESS AND PERFORMANCE REVIEW OF GOVERNING BODIES	GRADE FOR KEY ATTRIBUTES OF GOVERNING BODIES
<ul style="list-style-type: none"> Does the Governing Body keep their effectiveness under regular review and in reviewing its performance, reflect on the performance of the institution as a whole in meeting its long-term strategic objectives and its short-term indicators of performance/success? (If yes, give the date(s) of governing body meetings where the minutes show that such a review has been discussed) 	<p>The Management monitors the strategic plan, both short term goals and long term goals, through periodical reviews (quarterly) of the implementation of strategic plan. Evidence: The Strategic plan of BMSCE (2013-2020) was approved by the Council of Trustee in their meeting held on 04.04.13 and by the BOG in its meeting held on 15.07.13. The periodical reports on implementation of Strategic Plan (period from the previous meeting) are reviewed by BOG.</p>
	1(one) GRADE

<ul style="list-style-type: none"> Does the Governing Body ensure that new members are properly inducted, and existing members receive opportunities for further development as deemed necessary? (If yes, give examples of how these two tasks are carried out) 	<p>The BOG is constituted as per the guidelines of statutory and regulating Bodies. The existing members are continuously involved in the developmental activities, in various capacities such as Institutional Academic Auditors, Mentors/counselors for faculty, Board of Appointments etc.</p>	1(one)

A. Effectiveness of mentoring, reviews, surveys and audits conducted, including: <ul style="list-style-type: none"> Increase in the achievement of the institutions goals and targets set out in the Institutional Development Proposal 	Three mentoring sessions and two performance audits have been conducted so far. The institution has implemented the suggestions of mentor and auditor effectively as evidenced from the reports of mentor and previous audit.	The institution has achieved its targets set forth in its IDP. Based on its performance the institution is selected for grant of additional funds based on the revised IDP submitted by the college during May 2015.	1(one)
	B. Effective project management and monitoring, including: <ul style="list-style-type: none"> Precise and reliable information/ data through web based MIS available to stakeholders at all time. ANNEX 4. (FEEDBACK)
PERFORMANCE AND DATA AUDIT FEED BACK
(Feedback to the Institution, state project facilitation units, the national project Implementation unit / and relevant Mentor)

Name of the Performance Auditor: Prof. J. SRIHARI RAO, Former Professor & Dean, NIT Warangal.
Dates of Performance Audit : 22-24, August, 2016.

Name of the Institution with location: B.M.S.COLLEGE OF ENGINEERING, BENGALURU - 560019, KARNATAKA

Key points feedback by the Performance Auditor to the Institution at the end of the visit - against the seven aspects of evaluation

1.1	Strengthening Institutions to Improve learning outcomes and employability of graduates: The teaching-learning process has significantly improved by strengthening of lab facilities, training of faculty, technicians and procuring e-resources which in turn resulted in quality of student projects. There is substantial improvement in the campus placements of graduate & post graduate students.
1.2	Scaling-up postgraduate education and demand driven research and development and innovation : During the project 5 New P.G. Programs were started as committed in IDP, which resulted in increased Enrolment of students into M.Tech programs. Students expressed happiness at the financial assistance given under TEQIP. Innovative R&D projects are being done by the M.Tech students resulting in increased no. of publications in reputed journals. It is also notice that collaboration with Industries has been significantly Improved. There is a substantial improvement in the enrolment of PhD scholars, due to the state of art equipment procured and installed through the TEQIP Grants. Students expressed their happiness at the financial assistance given to attend conferences and present papers. It is hoped that this process will definitely lead to substantial increase in filing and obtaining of patents. However, the college should also plan for continued assistantship to PhD students, after the TEQIP Project. It is visible that confidence level in faculty has improved substantially and the same is noticed during the interaction. This is due to the support given by the institution for training and R & D Activity. It will have a direct impact on the overall growth of the institution. The center of Excellence in 'Advanced Materials Research' has been established in Mechanical Engineering department. Equipment such as SEM, XRD Water jet cutting machine etc., were procured and the same being effectively utilized by faculty and students which resulted in an increased number of collaborative research publications. This activity will definitely result in motivating other and establishment of COE in other departments through other funding agencies.

1.3	Faculty Development for effective teaching (Pedagogical training) : A Substantial number of faculty have attended training program in pedagogy and domain areas. The same has been noticed during the interaction. The faculty expressed their satisfaction about the quality of training obtained. This resulted in improving in Pedagogical skills.
2.1	Capacity Building to strengthen Management : Most of the senior faculty attended management training programs at IIM & IITs resulting in an improvement in their managerial and administrative skills.
2.1.1	Implementation of Good Governance : It is noticed that there is a decentralization of authority and responsibility at various levels. The college is practicing the good governance. A Document pertaining to the Good governance has been published. There is transparency in the total process. It is quite impressive.
2.2	Project Management , Monitoring and evaluation : Apart from TEQIP team, HODs and a good no. of faculty participated enthusiastically, resulted in the successful implementation of the project and achieving the project goals & objectives. Data collection and documentation has been done effectively through MIS

Key improvements noticed on shortcomings reported during earlier Performance Audits

The results are being announced within 15 days. The institute is now conducting CEPs very frequently for the industry persons and others. There is significant improvement in Institution -Industry interactions.

Brief statements on continuing shortcomings, and reasons

There are no major shortcomings except a little space constraint that is being addressed.

Interacted with the Chairman-BOG and Sri. K. Srinath, State Project officer (M & E), SPFU.

The BOG shall continue the good practices and ensure sustenance of achievements by allocating the required budget after the closure of the project.

On the whole, the performance of the college is quite impressive. The impact of the project is quite visible under the guidance of the BOG and mentorship of Prof. B.S.

Sonde:

Congratulations to the Principal and the entire TEQIP team.

ANNEXURE 5: INSTITUTIONAL RESPONSE FORM (1)

No.		Institutional monitoring and project output/outcome	INSTITUTIONAL RESPONSE
1.1	Briefly describe the actions taken for obtaining Autonomous Institution status, and the status of current application	The UG Programmes of BMSCE were awarded academic autonomy from the academic year 2008-09 onwards. UGC vide its letter dated 09.3.2016 has granted extension of autonomous status for 2014-15 and 2015-16 academic years. The Academic Autonomy for PG Programmes shall be effective from 2016-17. (Relevant orders/communications are enclosed herewith-Annexure I)	
1.2	If your institution is already an Autonomous Institution, briefly state actions taken for the following:	Please refer to Annexure-II	
1.2.1	Value addition to courses as per market demand		
1.2.2	Improvements introduced in student evaluation	<ol style="list-style-type: none">The academic progression of a student is continuously monitored and assessedContinuous Internal Evaluation [CIE] through tests, quizzes and alternate assessment tools (seminars, assignments, mini projects, writing technical papers, etc.,)The Alternate Assessment Tool (AAT) was at 10% of internal assessments, and now it is increased to 20% of the internal assessment.Introduction of Comprehensive course consisting of theory, lab component and self-study. (Students are encouraged to work on open ended experiments, mini projects).Process of evaluation of Semester End Examinations [SEE]<ol style="list-style-type: none">If number of scripts >20, valuation is done by the internal examiner & 30% of scripts are reviewed by the external examiner.If number of scripts ≤20, double evaluation is done (internal and external valuers), average of the scores awarded is considered for award of final grade.In case of double evaluation, if difference in marks is >15 marks then the paper will go for third evaluation and the third valuation is by an external examiner. Once third valuation is over, average of closest two scores is considered for the award of final grade.Valuation process will get over within a week from the last day of the examination. Academic council of the College amends the Academic Rules & Regulations time to time.	
1.2.3	Addition of electives	Electives are being offered from 5th semester onwards in a three tier system, i.e., departmental electives, cluster electives and institutional (open) electives. The details are shown at Annexure-III

1.5	Actions taken to fill up seats in the existing postgraduate programmes	A total of 13 PG (M. Tech.) Programmes with an annual intake of 258 seats are currently being offered. Admissions to these Programmes are through KEA-PGET based on either GATE scores or the rank obtained at the PGET conducted by the Govt. of Karnataka. The College has been attracting good number of (about 60%) GATE scholars. Almost all the seats are being filled-up. The college has offered Teaching Assistantships to non-Gate students and fiscal incentives for project works, paper presentations under TEQIP.
1.6	Actions taken to reduce vacancies in faculty positions	Institution has been making continuous efforts to augment its faculty strength through regular recruitment. From March 2013 to till date, a total of 54 faculty members have been recruited to various regular faculty positions. The total faculty strength as on date is 314.
1.7	Status of faculty appointed on regular basis, and proposed actions to fill up all faculty positions on regular basis	A few GIA positions are vacant and approval awaited filling. However, the college has recruited faculty members over and above the sanctioned posts in the management cadre and is maintaining a student ratio of 1:14.
1.8	Progress in getting pedagogical training in both the modules	<p>The institution is conducting training regularly to the newly recruited faculty members on the pedagogy (basic module) to enable them to deliver technology based TLP for the benefit of students since years.</p> <p>Departments are encouraged to organize Advanced Pedagogical Programmes at the college as well as depute faculty members to attend Programmes conducted by various institutions. In addition to the orientation & induction training programmes conducted in the college every year for the benefit of newly joined faculty, each of the faculty members is deputed to undergo training programmes in their chosen field, during the project period. Following are a few pedagogical Programmes conducted at the college and well received by the faculty:</p> <ul style="list-style-type: none"> (i) Two weeks ISTE online Workshop on 'Pedagogy for Effective use of ICT in Engineering Education' conducted by IIT, Bombay during 12.06.14 and 02.08.14 (ii) UCEE-International Educators Training Programmes since 2015 onwards (iii) Workshops on Outcomes based Education: Teaching, Learning and Evaluation by BMSCE-IQAC sponsored by NAAC (iv) FDP on "Essentials of Pedagogy" with the resource persons from NITTTR-Chennai during July 25-29, 2016 <p>Details are provided at Annexure- VIII.</p>

Dear Sir,

Subject: Comments on the data audit

The data audit visit of BMS College of Engineering was arranged on 18th to 20th of august 2016. During the data audit following are the observations made:

1. The data inputted to the MIS was exactly matching with the institutional data source.
2. There was a problem in MIS in few fields, even though the data were feeding properly; the output was not matching with the actual data.
3. The records were maintained and submitted in a satisfactory way
4. The utilization of the funds for the enhancement of the faculty was properly done
5. The effect of TEQIP was reflecting in the transition scale of the students to the next years with more than 75% and or more aggregate marks
6. The encouragement of the students to enhance their personality was really good
7. The faculty members were benefitted through research, paper presentation and publications through TEQIP was appreciable.
8. **Centre of excellence in advanced materials research** has setup the separate cell as advance material research centre preferably for the advancement of material technology.
9. Lot of progress has been done through COE for the benefit of in- house and also neighbouring institution faculties of local and also interstate and students who were in search of these technological facilities.
10. Lot more research and faculty development programmes had been organized through COE, Departmental as well as through the institution.

The utilization of the TEQIP fund as per the records and the transactions were satisfactory.

Thanking you

AUDITOR'S REPORT

I have audited the accompanying financial statements of B.M.S COLLEGE OF ENGINEERING, TECHNICAL EDUCATION QUALITY IMPROVEMENT PROGRAM : PHASE -II(TEQIP-II) which comprises of the Balance Sheet as at 31st March 2016, and the Income and Expenditure Account for the year ended on that date.

Management of the Organisation is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

My responsibility is to express an opinion on these financial statements based on my audit. I conducted the audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

In my opinion and to the best of my information and according to the explanations given to me, the said Balance Sheet and Income & Expenditure Account, give the information in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.

- In the case of the Balance Sheet of the state of affairs of the Organisation as at March 31, 2016.
- In the case of Income & Expenditure Account, of the Excess of expenditure over income for the year ended on that date.

AUDITOR'S REPORT

I have audited the accompanying financial statements of B.M.S COLLEGE OF ENGINEERING, TECHNICAL EDUCATION QUALITY IMPROVEMENT PROGRAM : PHASE -II CENTRE OF EXCELLENCE - ADVANCED MATERIALS RESEARCH which comprises of the Balance Sheet as at 31st March 2016, and the Income and Expenditure Account for the year ended on that date.

Management of the Organisation is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

My responsibility is to express an opinion on these financial statements based on my audit. I conducted the audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

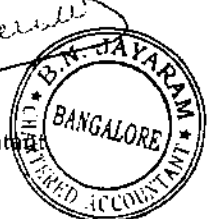

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

In my opinion and to the best of my information and according to the explanations given to me, the said Balance Sheet and Income & Expenditure Account, give the information in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.

- a. In the case of the Balance Sheet of the state of affairs of the Organisation as at March 31, 2016.

Dear Sir,

As you are aware, the peer reviewers have assessed the overall progress of the Centres of Excellence established under TEQIP-II in your institute against the following:

- its objectives and indicators,
- its collaborative efforts,
- interaction with industry,
- production of graduate students and trained researchers and
- sustainability

The Review report as obtained from the Peer Reviewer is being sent to you. This assessment will serve as a guidance for the CoE identifying areas where they are on the track as well issues that need improvement.

In this regard, you are requested to provide your comments on the Review sheet, if any. You are also requested to draft an Action Plan based upon peer evaluation comments with concrete and time bound initiatives to implement the recommendations by **22nd December 2016 positively**. The Action Plan should also include plans for sustainability of equipment – their use/maintenance etc. and research fellowships indicating concrete suggestions (that can be shared with your Mentor, SPFU and the peer reviewer by NPIU. The peer reviewer will review the Action Plan.

This may be treated as **Most Urgent** please.

With Kind regards

(Dr. Rita Goyal)

CENTRE OF EXCELLENCE (CoE) PROGRESS REVIEW SHEET			
Name of Project : Advanced materials research			
Name of Institution : BMS College of Engineering, Bangalore			
Title of CoE : Centre of Excellence in Advanced Materials Research			
Objective(s) of the CoE and indicators (from proposal) To develop core competence in synthesis, characterization and processing of nano-composites, polymer and metal matrix composites and memory materials; to provide and seek innovative solutions in these fields			
EVALUATION PARAMETERS		EVALUATOR'S COMMENTS	Plan of Action/Remarks-CoE Coordinator
1. Overall progress against objective and indicators	(i) What is the overall progress and is the CoE on track to achieve its objective(s)?	The progress has been excellent, and the CoE is on-track to achieve its stated goals.	Evaluator's comments are encouraging
	(ii) To what extent has the program achieved expected research and commercialization outcomes?	The CoE has aggressively pursued its goals of developing nano and metal matrix composites. Work is going on in several directions, with a varied set of researchers and graduate students. Commercialization of materials and products is still in nascent stage. However, the research facilities can be used by other users. The CoE has done well in development of phase change materials and nanocomposites. Varied set of equipment have been judiciously purchased and commissioned. Support to students and faculty has been generous.	
	(iii) Against which indicators has it made most progress; against which has it made least?		
	(iv) Does the CoE collect reliable data about its progress?	Do not have a reason to not believe the data. However, in subsequent years the effort has to get more directed towards specific material and product development.	

<p>2. Evaluation of collaborative effort</p>	<p>Internal collaborative efforts within the Institute, aimed at the activities of the Centre:</p> <p>(i) What niche, if any, does the program occupy in relation to other similar programs</p> <p>(ii) Comment on the faculty/ student participation from different disciplines and/or the group of faculty/ students participating.</p> <p>(iii) Comment on new areas of mutual interest which may have emerged and/or other such manifestations of collaborative endeavors between faculty.</p>	<p>The niche is primarily in phase change memory materials, metal matrix nano composites, manufacturing science. The effort in manufacturing science is a good initiative.</p> <p>The centre is truly multi-disciplinary and has several faculty from mechanical, civil, chemistry, physics and electrical engineering are participating. Several M.Tech and PhD students are supported from the CoE funds.</p> <p>Several new areas have emerged. Collaborations in metal matrix nano composites, conducting polymers, manufacturing research has brought together several faculties from across specializations.</p> <p>The CoE has been working with some faculty at IISc. In fact the CoE is mentored by a senior professor from IISc.</p> <p>The CoE has been working with National Aerospace Laboratories, Bangalore towards developing non-fossil carrier fluids based magneto-rheological fluids. No other significant collaborations have been established.</p>	<p>Evaluator's comments are encouraging</p> <p>Evaluator's comments are encouraging</p> <p>Collaborative work in the field of FRP is also established with TATA ADVANCED MATERIALS Ltd.</p>
---	--	--	---

<p>3. Interaction with Industry, relevance to Indian technology needs, Economic advancements resulting as a consequence</p>	<p>(i) Elaborate upon the activities of the Centre that are of relevance to Indian technological needs and how they are progressing.</p> <p>(ii) Has the Centre accelerated the Commercialization of Leading Edge Technology if any?</p>	<p>The activities are relevant for several of Indian technological needs. Primarily new conducting polymers, phase change memory materials, non-fossil carrier fluids and advanced manufacturing processes are extremely relevant. In fact, it was nice to see a centre paying attention to manufacturing processes.</p> <p>Not yet. It should find a niche in nano composites, conducting polymers, phase change materials and manufacturing.</p>	<p>Evaluator's comments are encouraging</p>
	<p>(i) Elaborate upon any contributions from the Centre that are of importance for economic growth and development.</p> <p>(ii) How has the interaction with the industry/ professional world grown?</p> <p>(iii) Which are the industry partners involved? Have any patents and/or prototypes been developed?</p>	<p>Currently, the economic viability is not very clear. However, the effort to develop algal oil as household fuel; phase change materials for devices can have potential industrial applications.</p> <p>The CoE has spurred interaction with industry through collaborative projects with National Aeronautical Laboratory and Tata Advanced Materials. However, these collaborations are rudimentary.</p> <p>This part needs more effort. Possibly this can happen at a future date.</p>	<p>Evaluator's comments are encouraging</p> <p>Development of algal oil and collaborative projects with NAL and TAML are progressing well. Two research scholars pursuing their PhD in these fields of Advanced Materials</p>

<p>4. Production of knowledge and human capital as evidenced by graduate students and trained researchers</p>	<p>(i) What positive developments can one see in the Masters' Programmes of the Institute on account of the establishment of the Centre?</p> <p>(ii) What progress has been made e.g. curriculum development, publications, journal, papers etc. as well as in instituting teaching and research assistantships for graduate students?</p>	<p>The centre has given a boost to collaborative, high-end research potential. A new M.Tech program in Manufacturing Science has been started. Several PhD and M.Tech students are working on research projects proposed under the CoE.</p> <p>The CoE has helped develop a new M.Tech program in Manufacturing Science. Along with it, several courses have benefited from the research facilities. Collaborative research has enriched the research environment. Several good (about 17) journal papers and conference papers have come out of this initiative. The centre has provided crucial financial support to several M.Tech and PhD students.</p>	<p>Evaluator's comments are encouraging</p>
	<p>(i) What positive developments can one see in the Doctoral Programmes of the Institute on account of the centre?</p> <p>(ii) Has there been progress in inducting industry participation in the Doctoral Programmes? If so, explain with details.</p>	<p>Several doctoral students (about 18) are working on several aspects of the program. The critical contribution of the CoE through the high-end equipment (SEM, Water-jet cutter, FTIR, etc) have provided necessary tools for good quality experimental research.</p> <p>Efforts are in a nascent stage. Projects from NAL, TAM are examples. This effort needs more thought and involvement of the industry has to be pursued.</p>	<p>Evaluator's comments are encouraging</p>

	Has the Centre contributed to human resource development in the field in other ways, such as with undergraduate students or employees in companies? If so, explain with details.	The CoE has provided training in use of manufacturing facilities. Its equipment is used by students from other institutions in Bangalore. More undergraduates from BMS are doing project work using these equipment.	Evaluator's comments are encouraging
5. Faculty Training and Development	What progress has been made in the development of faculty competence in the subject area of the centre?	Interaction amongst the participating faculty has improved appreciation of different specializations, integration of different expertise domains, and final synthesis of a product. Further, the faculty is actively involved in research due to availability of excellent (TEQIP supported) infrastructure. Several papers have been written, submitted and presented.	
	How have the faculty engaged themselves in research and development activities? If so, please explain with details.	Faculty has taken up different research challenges, and has developed the infrastructure accordingly. Several research facilities and laboratories have come up, led by group of faculty. For example, the laboratories for nano composites, phase change materials, advanced manufacturing, material characterization facility have all come up because of this initiative. All the facilities have an active group of students and faculty involved.	Evaluator's comments are encouraging
	Have new research areas developed on account of the Centre? Have these been supported by additional seed grants including from sources other than TEQIP? If so, explain with details.	Yes, as explained above. However, the CoE has to aggressively pursue funding from other sources. Currently it is run by TEQIP and institute grants.	Evaluator's comments are encouraging

<p>6. Financial management and procurement</p>	<p>(i) Have the purchases made (such as for equipment) been appropriate for the work of the Centre?</p> <p>(ii) Have they been contracted in a timely fashion? Are appropriate records being kept?</p>	<p>The purchases of equipment have been impressive, judicious and appropriate.</p> <p>Yes on both counts.</p>	<p>Evaluator's comments are encouraging</p>
<p>7. Sustainability</p>	<p>Has the CoE taken action in order to ensure the sustainability of the CoE beyond the funding from TEQIP? If so, explain with details.</p>	<p>The CoE has to aggressively pursue other sources of funding. Currently, TEQIP is the only major funding.</p>	<p>1. Dr.M Ramachandra, CoE coordinator and Principal investigator, has established Metal Matrix composites lab with financial assistance from Two AICTE R&D projects (Rs. 20 Lakhs).</p> <p>2. Dr.Chandasree Das, Principal investigator, has established Micro devices lab with financial assistance from DST R&D projects (Rs. 18 Lakhs)</p> <p>3. Dr. S.Srinivas has submitted a proposal to AICTE in the field of post processing of composites</p>
<p>8. Key Issues/ Concerns Pertaining to the Centre</p>	<p>What are the main issues that the CoE should focus on for the coming period?</p>	<p>(a) Specific application based material development, with a rigorous characterization – with collaboration with industry.</p> <p>(b) Increase emphasis on the physics of materials, modeling and analysis. This is an area of weakness.</p> <p>(c) Rigor in the mechanics of advanced manufacturing systems.</p> <p>(d) Develop indigenous equipment for research.</p> <p>(e) Continuity of activity as the CoE support ends in October. Need to</p>	<p>(a) Two materials are being developed for possible specific applications.</p> <p>i. Phase change memory materials- for Memory device applications</p> <p>ii. Conducting polymers- for Humidity and Gas sensing applications</p> <p>iii. Magneto rheological fluids- In collaboration with NAL</p> <p>(b) Mathematical modelling of post processing of composites and Wear behaviour of MMCs are persuaded</p> <p>(c) Will Pursue in future</p> <p>(d) Will Pursue in future</p>

		support the PhD students till the next three years/completion. (f) Continued support with emphasis on outcomes.	(e) Will try to support PhD students with BMSCE management support.
9. Summary of Overall Observations and Specific Recommendations	<p>(i) What are recommendations for helping the CoE meet the main issues identified above?</p> <p>(ii) What other help, guidance or support might they need to tackle the main issues?</p>	<p>The CoE is developing well overall. Remaining funds, if any, should be released. Further, financial support to the PhD and M. Tech students should continue till end of their program (or three years). Funding to CoE should continue at least up to five years from initiation.</p> <p>The CoE needs to actively collaborate with IITs and IISc, as well as with domain experts from across the world, to grow into a national research centre in advanced materials. Weakness in theory and analysis needs to be overcome either through appropriate recruitment of faculty or by training of faculty through schools/short-term courses at IITs and IISc. Recruitment of bright young faculty in the CoE related fields is required to create a critical mass of researchers. Finally, the financial support to students has to continue. Support to students to attend national and international conferences is also essential.</p>	<p>(a) Evaluator's comments are encouraging</p> <p>(b) Need at least one year extension and financial support for CoE activities</p> <p>(c) Principal Investigators are interacting with professors from IISc, IITM, IIT-Indore, NAL, TAML etc.</p> <p>(d) Research scholars and M Tech students are supported to attend national and international conferences</p>
10. Next review	Has the CoE made sufficient progress that the next scheduled review should take place in a year (towards the end of the TEQIP support), or should the next review take place sooner? Please explain.	Review should take place at its usual time.

Dear Sir

As you are aware, the Third Phase of Technical Education Quality Improvement Programme (TEQIP-III) has been approved by the Govt of India to be implemented as a 'Central Sector Scheme' with total project outlay of Rs.3600 crore. However, the Project is being initiated with an initial cost of Rs 2660 Cr. The initiation and implementation of the project TEQIP-III will bridge this gap for the institutions in the central, eastern and north-eastern region and hill States with specific interventions.

The well performing institutions of TEQIP-I & II will be considered for participation under Sub-Component 1.3: Twinning Arrangements to Build Capacity and Improve Performance of Participating Institutions and ATUs in the Focus States. For this purpose, ranking of the institutions is to be done.

In this regard, it is requested to provide the following information with documentary evidence and submit the same to NPIU by 11th January 2017 positively.

S.No.	Parameter	Institution's Response with supporting documents
1	Academic Autonomous status by UGC (copy of UGC letter to be attached)	
2	No. of AICTE approved Engineering programmes currently run by the institution	
3	Percentage of eligible programmes that are NBA-accredited or applied-for NBA accreditation	
4	Percentage of Faculty with Ph.D in Engineering (Regular & Contract)	
5	Number of Ph.Ds produced in Engineering discipline (Aug 2010 - till date)	
6	Number of Publications in Engineering discipline in peer reviewed Journals (Aug 2010- till date)	
7	Transition rate of students from the first year to the second year of under graduate study	
8	Number of Indicators of 6 th JRM met as on 31 st December 2016 as per Annex-I attached.	

The top ranking institutions will be required to submit Institutional Development proposals.

Please note that the last date has to be adhered with. SPFU is requested to undertake a follow up action to ensure the submission of aforementioned documents within stipulated time.

With kind regards

58.	Dr. L.Ravikumar , Professor & HOD Mechanical Engineering &TEQIP Coordinator-II	International Conclave on Higher Education 2016 (ICHE-2016)	Mahatma Mandir, Gandhinagar, Gujarat	October 17-19, 2016	17,500/-
59.	Dr.M.S.Dharmaprakash, Professor & HOD Chemistry & Nodal Officer [Procurement]				17,500/-
60.	Dr.M .Ramachandra Professor Mechanical Engineering & COE Coordinator	18 th International Conference on Composite Materials-ICCM 2016	London, UK	October 17-18, 2016	1,30,000/-
61.	Dr. S. Srinivas Associate Professor Mechanical Engineering & Principal Investigator- COE				1,30,000/-
62.	Dr. M.V. Murugendrappa Associate Professor Physics and Principal Investigator- COE				1,30,000/-
63.	Dr.Y.S.Rammohan Associate Professor Mechanical Engineering	International Conference of Smart Engineering Materials(ICSEM- 2016)	RVCE, Bengaluru	October 21-22, 2016	4,410/-
64.	Smt. Anushalalitha Assistant Professor Telecommunication Engineering	National Conference on "Recent Advances in Wireless Communications for the Design of Smart Antennas	Annamalai University, Chidambaram	October 22-23, 2016	3,500/-

65.	Dr Mangala Keshava Associate Professor Civil Engineering	International Conference and Exhibition on Recent Developments in Design and Construction Technologies of Tall Structures (REDECON-2016)	Nimhans Convention Centre , Bengaluru	November 09-12, 2016	7,000/-
66.	Dr.Savithri Bhat Associate Professor Biotechnology	XIII Triennial National Conference of the Indian Women Scientists, Association (IWSA) on "Sustainable Development in India Role of Science & Technology"	IWSA ,Navi Mumbai	December 02-04, 2016	10,400/-
67.	Dr. V. Salsha Assistant Professor Biotechnology	XIII Triennial National Conference of the Indian Women Scientists, Association (IWSA) on "Sustainable Development in India Role of Science & Technology"	IWSA ,Navi Mumbai	December 02-04, 2016	9,744/-
68.	Smt.N.Prathibha Assistant Professor Biotechnology				10,900/-
69.	Sri.C.A.Niranjana Research Scholar Mechanical Engineering	one day workshop on "Nano Characterization"	CMTI, Bangalore	December 02, 2016	700/-
70.	Smt.Sutar Rani Ananda Research Scholar Physics				700/-
71.	Sri.Ram Rohit V Assistant Professor Mechanical Engineering	Course on "Molecular view for Polymer Rheology"	IISC, Bengaluru	December 05-10, 2016	6,200/-
72.	Dr.B.Kanmani Professor & HOD Telecommunication Engineering	Preconference workshop on "Conceive Design Implement Operate"	Thiagarajar College of Engineering, Madurai	December 07, 2016	13,000/-

73.	Dr.L.Ravikumar Professor & HOD Mechanical Engineering	National Tribology Conference (NTC-2016)	IIT, Varanasi	December 07-10, 2016	26,923/-
74.	Dr.J.Sharana Basavaraja Associate Professor Mechanical Engineering				26,424/-
75.	Sri.Rajesh.P Assistant Professor Mechanical Engineering				26,923/-
76.	Sri. Raghu Yogaraju Assistant Professor Mechanical Engineering	National Tribology Conference (NTC-2016)	IIT, Varanasi	December 07-10, 2016	27,025/-
77.	Dr.B.R.Shambhavi Associate Professor Information Science & Engineering	4 th IEEE International Conference on MOOCs, Innovation and Technology in Education MITE'16	Thiagarajar College of Engineering, Madurai	December 09-10, 2016	25,400/-
78.	Dr.G.Keerthiga Assistant Professor Chemical Engineerig				22,800/-
79.	Smt.T.Anushalalitha Assistant Professor Telecommunication Engineering				15,000/-
80.	Sri.B.Venkatesh Assistant Professor Electrical & Electronics Engineering	Ten days workshop on "Power Electronics for Renewable Energy Systems "	NIT, Goa	December 08-17, 2016	13,200/-
81.	Dr.B.Mallikarjuna Assistant Professor Mathematics	Indian Society of Theoretical and Applied Mechanics (ISTAM)	VIT, Vellore	December 11-14,2016	5,720/-
82.	Dr.G.Madhu Assist ant Professor Chemistry	21 st International Conference on Organic Synthesis	IIT, Bombay	December 11-16, 2016	27,000/-

83.	Dr. Veena N Hegde Associate Professor Electronics & Instrumentation Engineering	13 th International IEEE India Conference, INDICON-2016	IISc, Bengaluru	December 16-18, 2016	8,900/-
84.	Sri. Ugrasen G Assistant Professor Mechanical Engineering	International Conference All India Manufacturing Technology Design and Research (AIMTDR-2016)	College of engineering, Pune	December 16-18, 2016	17,180/-
85.	Sri.H.S. Sathish Assistant Professor Civil Engineering	77 th IRC Annual Session	Hitex Exhibition Center, Hyderabad	December 17, 2016	10,500/-
86.	Sri.H.S. Sathish Assistant Professor Civil Engineering	International Conference on 12 th Transportation Planning and Implementation Methodologies for Developing Countries (TPMDC-2016)	IIT, Bombay	December 19-21 2016	38,060/-
87.	Dr.R.Michaelraj Kingston Assistant Professor Telecommunication Engineering	QIP short term course on "Numerical Methods for Engineers and Scientist"	IISC, Bengaluru	December 19-23, 2016	2,000/-
88.	Sri.K.Balachandra Assistant Professor Telecommunication Engineering	QIP short term course on "Numerical Methods for Engineers and Scientist"	IISC, Bengaluru	December 19-23, 2016	2,000/-
89.	Dr. G. Varaprasad Associate Professor Computer Science & Engineering	Visiting Network lab	New Delhi	December 20 , 2016	10,000/-
90.	Dr. Veena N Hegde Associate Professor Electronics & Instrumentation Engineering	IEEE HTC-2016	Dayalbagh, Agra	December 21-23, 2016	16,560/-
91.	Smt. M. Vasantha Lakshmi Assistant Professor Telecommunication Engineering	Short term course on Cooperative 4G/5G MIMO wireless Technology and Research Opportunities	MSRIT, Bengaluru	December 28-30, 2016	6,680/-

92.	Smt.K.P.Pushpavathi Assistant Professor Telecommunication Engineering	Short term course on Cooperative 4G/5G MIMO wireless Technology and Research Opportunities	MSRIT, Bengaluru	December 28-30, 2016	6,680/-
93.	Sri. R.M.Shivaraju Assistant Instructor Electrical & Electronics Engineering	Two day workshop on "Grounding of Electrical Installations"	Acharya Institute of Technology, Bangalore	December 29-30, 2016	1,280/-
94.	Sri.K.Selvan Assistant Instructor Electrical & Electronics Engineering				1,620/-
95.	Sri.Ramamurthy J Helper Electrical & Electronics Engineering				1,280/-
96.	Sri. S.Venkatesh Helper Electrical & Electronics Engineering				1,280/-
97.	Sri.P.K.Arumugam Helper Electrical & Electronics Engineering				1,620/-
98.	Dr Reshmi Devi .T.V Assistant Professor Civil Engineering	International Conference on Transformations in Engineering Education (ICTIEE-2017)	Vardhman College of Engineering ,Hyderabad	January 06-08, 2017	15,000/-
99.	Smt. Nethravathi S Assistant Professor Electrical & Electronics Engineering	International Conference on Transformations in Engineering Education (ICTIEE- 2017)	Manipal University, Jaipur	January 09-14, 2017	16,100/-
100.	Sri. Madhav Murthy Assistant Professor Mechanical Engineering				10,700/-
101.	Smt. Shabnam Siddiqui Assistant Professor Chemical Engineering	GIAN course on "Advances Opportunities in Passive Micro & Miniature Technologies for Energy and Thermal Systems"	IIT, Indore	January 09-13, 2017	11,000/-

102.	Sri.Sreenivasa Murthy Assistant Professor Civil Engineering	Workshop on Design & Development of sustainable concrete in the era of global warming	NITK, Surathkal	January 09-10, 2017	8,100/-
103.	Dr.G.Keerthiga Assistant Professor Chemical Engineering	International Conference on "Asia Pacific Congress on Catalysis-7"	Mumbai	January 15-22, 2017	21,000/-

DETAILS OF INHOUSE PROGRAMS CONDUCTED IN THE COLLEGE UNDER TEQIP- II/COE THAT WERE APPROVED BY THE SUB-COMMITTEE BY CIRCULATION

Sl No.	Name of the Department	Title of Program	Programme Dates	Amount in Rs
01.	Electronics & Instrumentation Engineering	One week workshop on "Industrial Automation	July 11-16, 2016	33,000/-
02.	Computer Science & Engineering	Faculty Development Programme on "Internet of Things	July 18-22,2016	83,000/-
03.	Mathematics	One week workshop on "Project Management and Evaluation"	July 18-24, 2016	1,50,000/-
04.	Electronics & Communication Engineering	Faculty Development programme on "EMI and EMC"	July 25-29, 2016	52,250/-
05.	Mechanical Engineering	Faculty Development Programme on "Fatigue and Fracture Mechanics	July 25 to August 05,2016	2,59,000/-
06.	TEQIP	One day Faculty Orientation Programme	August 01, 2016	10,000/-
07.	Electrical & Electronics Engineering	MATLAB for Design and Simulation Programme	August 01-03, 2016	13,500/-
08.	TEQIP	Three days' workshop on "Process of Accreditation for Polytechnics"	August 02-04, 2016	50,000/-
09.	Chemistry and Biotechnology	National Symposium on Fundamentals of Drug Discovery Process- Industrial Perspective (FUNDIP-2016)	August 05,2016	40,000/-
10.	Mechanical Engineering	One week workshop on CAMD with solid Works Software and GD & T	August 08-12, 2016	63,000/-
11.	Mathematics	Three days' workshop on Personality Development-An Indian Perspective	August 08-10, 2016	23,000/-

12.	Mathematics	Orientation program on PENTAGRAM	September 10, 2016	4,530/-
13.	Medical Electronics	Phase Shift 2016	September 23-24, 2016	4,50,000/-
14.	Civil Engineering	3 rd International Conference on "Transportation Systems Engineering & Management "	November 24-25, 2016	2,90,000/-
15.	Mechanical Engineering	Two weeks Faculty Development programme on "3M- Modeling, Materials and Manufacturing".	November 28 th to December 09,2016	2, 51,000/-
16.	Center of Excellence in Advanced Materials Research	All India Seminar on "Clean Technology Smart Micro Grid to Smart City"	November 29-30, 2016	1,00,000/-
17.	Mathematics	Two week FDP on "Graph Theory- Algorithms & Applications"	December 26 th 2016 to January 07, 2017	3,53,000/-
18.	Information Science & Engineering	One week workshop on "Machine Learning"	January 05-10, 2017	93,000/-
19.	Mechanical Engineering	Two days' workshop on Awareness Programme on NABL Accreditation	January 06-07, 2017	30,800/-

THE DETAILS OF FACULTY MEMBERS WHO HAVE PROPOSED TO ATTEND PROGRAMS OUTSIDE THE COLLEGE UNDER TEQIP-II

Sl No.	Name of the faculty Designation & Dept	Details of Program	Place	Workshop Dates	Amount
1.	Dr. M.S. Suma Professor Medical Electronics	Clinical Data Analytics, Statistical and Machine Learning using R & Python	MSRIT, Bengaluru	January 23-26,2017	6,500/-
2.	Dr. Vanishree B N Assistant Professor Mathematics & Humanities	National Conference on Reading Texts Today: A Cross Disciplinary Endeavour	Holy Cross College, Nagarcoil	January 24-25,2017	10,210/-

THE DETAILS OF STUDENTS WHO HAVE PROPOSED TO ATTEND PROGRAMS OUTSIDE THE COLLEGE UNDER TEQIP-II

Sl No.	Name of Student & Dept	Details of Program	Place	Workshop Dates	Amount
1.	Smt. B.G. Sudha Research Scholar Computer Science & Engineering	4 th International Conference on Signal Processing and Integrated Networks (SPIN 2017)	Amity University, Noida	February 01-04,2017	12,035/-
2.	Smt. Afreen Aman M.Tech Student Civil Engineering	Bangalore India Nano Conference	Bangalore	February 09-11,2017	3,000/-
3.	Smt. Jagadishwari V Research Scholar Computer Science & Engineering	2 nd International IEEE Conference on Electrical, Computer and Communication Technologies	SVS College of Engineering, Coimbatore	February 22-24,2017	5,960/-

DETAILS OF INHOUSE PROGRAMS PROPOSED FOR CONDUCTION IN THE COLLEGE UNDER TEQIP-II/COE

Sl No.	Name of the Department	Title of The Program	Programme Dates	Amount
1.	Mathematics	One week FDP on "Advanced Numerical Techniques for Engineers and Researchers"	January 23-28,2017	1,50,000/-
2.	Electrical & Electronics Engineering	Two days' workshop on "Voice Controlled Robotic Arm"	January 28-29,2017	75,000/-

THE DETAILS OF STUDENTS WHO HAVE ATTENDED THE PROGRAMS OUTSIDE THE COLLEGE UNDER TEQIP- II/COE THAT WERE APPROVED BY THE SUB-COMMITTEE BY CIRCULATION

Sl No.	Name of the student, & Dept	Details of Program	Place	Workshop/ Conf. Dates	Amount
01.	B.V. Balaji Prabhu Research Scholar Information Science & Engineering	Training on "Hadoop for Big data Analytics" and "Analytics Using Apache Spark"	C-DAC knowledge Park, Bengaluru	June 27-30, 2016	10,000/-
02.	B.G. Sudha Research Scholar Computer Science & Engineering	Proficiency Course on "Recent Trends in Data Analytics"	RVCE, Bengaluru	July 25-30, 2016	3,600/-
03.	Shankru Guggari Research Scholar Computer Science & Engineering				3,000/-
04.	B.V. Balaji Prabhu Research Scholar Information Science & Engineering	International Conference on 'Sustainable Computing Techniques in Engineering, Science and Management (SCESM-2016)	Noida, Delhi-NCR	September 09-10, 2016	14,896/-
05.	H. Vijaykumar Research Scholar Civil Engineering	Two day advanced course on "Life Enhancement of RC Structural Components Through Repair and Retrofit (RELIEFE-2016)"	CSIR-SERC, Chennai	September 22-23, 2016	3,600/-
06.	Ashwini Aniruddha Shahadani Research Scholar Biotechnology	Four day workshop on Mass Spectroscopy based Quantitative Proteomics for Beginners	Institute of Bioinformatics Bengaluru	September 26-29, 2016	17,250/-
07.	Srinivas M.D BE student Industrial Engineering & Management	International Conference on Smart Strategies for Digital World	Shri Ramdeobaba College of Engineering Management Nagpur	October 21-22, 2016	9,997/-
08.	Bharath Naik G BE student Industrial Engineering & Management				11,851/-
09.	B.S. Sowmya Lakshmi Research Scholar Information Science & Engineering	Two day National workshop on Research Methodology	Cambridge Institute of Technology, Bengaluru	October 21-22, 2016	1,200/-
10.	Srivas M.C BE student Telecommunication Engineering	IEEE International Conference on Communication and Electronics Systems (ICCES 2016)	PPG Institute of Technology, Coimbatore	October 21-22, 2016	7,600/-

11.	Afreen Aman M.Tech [Environmental Engineering] Civil Engineering	International Conference on Kerala Environment Congress -2016	Thiruvananthapuram	November 28-30, 2016	7,250/-
12.	Eshwar S.G BE student Computer Science & Engineering	IEEE International Conference on ICT in Business Industry Government (ICTBIG-2016)	Sri. Aurobindo Institute of Technology, Indore	November 18-19,2016	9,875/-
13.	Madhav Poddar BE student Computer Science & Engineering				9,875/-
14.	Sutar Rani Ananda Research Scholar Physics	one day workshop on "Nano Characterization"	CMTI, Bangalore	December 02, 2016	700/-
15.	C.A. Niranjan Research Scholar Mechanical Engineering				700/-
16.	D.V. Rajeshwari Devi Research Scholar Electronics & Communication Engineering	IEEE International Conference Computational Intelligence and Computing Research (ICCIC)	Agni College of Technology, Chennai	December 15-17,2016	8,873/-
17.	Srinivas M.D BE student Industrial Engineering & Management	4 th International Conference on the Best Practices in Supply Chain Management(BPSCM)	Trivendrum	December 22-23,2016	14,263/-
