EXTRACT OF THE MINUTES OF THE 55TH MEETING OF THE BOARD OF GOVERNORS HELD ON 7TH APRIL 2014

4.4 PERFORMANCE BASED INCENTIVE MEASURE - CONSIDERATION OF THE PROPOSED REVISION/MODIFICATION IN AWARD OF CASH INCENTIVES FOR RESEARCH PUBLICATIONS IN THE REFERRED INTERNATIONAL / NATIONAL JOURNALS BY THE FACULTY MEMBERS

The Member-Secretary informed that with a view to motivate faculty publications, it is proposed to revise the cash incentive for research publications in refereed international journals.

The BOG approved the following revision/modification towards cash incentive for research publications by faculty in refereed journals (non-paid and having impact factor 0.5 and above):

SNo	Impact Factor (Range)	Incentive
1	0.5 to 1.0	Rs.10,000
2	1.0 & above	Rs.15,000

The BOG advised that each department shall identify five journals in their relevant areas and notify to the faculty to facilitate submission of papers. However, the faculty can also publish in other refereed journals (non-paid and having impact factor 0.5 and above) for consideration under this policy. This is effective for the papers published in refereed journals from 01.04.2014 onwards.

The committee noted that BOG has approved the minutes of the first meeting of sub-committee of BOG for TEQIP III in the 67th Meeting of BOG held on 25.10.17 (Annexure-1).

Further, the committee noted that BOG in its meeting held on 8.1.2018 has taken note of the activities conducted so far and the amount of expenditure incurred under TEQIP III and has accorded approval for the same (Annexure-2).

The committee noted that NPIU through its mail dated 28th November 2017 sought for the details of actions initiated towards mandatory internships. The committee took a note of the response sent to NPIU by the college stating that 'the practice of sending students for internship during their third/fourth year of BE degree course is in vogue and the introduction of mandatory internships to the students during their summer vacations requires re-designing of the curriculum and subsequent approval by the competent authorities and hence not feasible for introducing during the current semester. But, however, it is proposed to introduce the same for BE students from 2018-19 onwards'. The committee further noted the details communicated to NPIU with regard to potential industries/organizations identified & proposed for possible internships.

The committee expressed that the task of implementation of mandatory internships to all the students would be challenging.

1.4 Revised TA/DA Norms

The committee took a note of the NPIU's communication dated 4th January 2018 conveying the revised guidelines on TA/DA norms for all types of TEQIP III activities attached at Annexure-3.

1.5 Review of twinning arrangements

The committee noted that NPIU through its mail dated 3.1.2018 informed the institutes that during JRM, World Bank & MHRD team that assessed the progress of project implementation under TEQIP III and twinning arrangements in few institutes have expressed following concerns :

- There is a need for detailed twinning plans to guide activities between partner institutes that are aligned with a longer-term vision for improvements in 1.1 institutes. Currently, twinning plans seem ad-hoc and lack the coherence required to undertake substantial improvements that will visibly improve the status of 1.1 institutes. Improvements like acquiring NBA accreditation, autonomy, expanding UG programs or introducing a new PG program, establishing research partnerships, etc. require identifying the various steps that will lead to these improvements and developing a long-term plan that gradually helps 1.1 institutes meet its goals.
- 1.3 institutes need to be motivated to think about how twinning partnerships can benefit their own institutional development. These institutes currently seem focused on how they can support their twinning partners and have not paid sufficient attention to how the twinning relationship can be mutually beneficial. This will be important for the success of these partnerships over the next few years.

The committee also noted that for addressing the aforesaid concerns, NPIU informed twinned institutes to develop and share long-term twinning plans that articulate their vision for the project period and short-term plans based on long-term objectives.

The committee also noted that NPIU organised a meeting on 16th January, 2018 at NPIU, Noida to review twinning arrangements and the TEQIP Coordinator of the college attended the said meeting. Further, the committee noted that presentation made by him at the review meeting on college's performance in twinning activities was very well appreciated by the expert team and even the experts suggested other institutes to refer the actions initiated/planned by BMSCE as a guide while drafting their institutes' plan.
