

# **Mega Hackathon**

**Date :**16th December, 2023

**Timings :** 9:00 am – 5:00 pm

**Venue :** Auditorium 2, BMSCE

**Number of participants :** 24 (6 teams)

## **Event Description:**

The Institution's Innovation Council (IIC) at BMS College of Engineering (BMSCE), in collaboration with the Center for Innovation, Incubation, and Entrepreneurship (CIIE), proudly presents "Mega Hackathon" - an immersive and transformative event poised to redefine the contours of innovation and problem-solving. Set against the backdrop of technological advancement and entrepreneurial spirit, Mega Hackathon is not just an event; it's a journey towards innovation excellence. Mark your calendars for the 16th of December, 2023, as we embark on this exhilarating adventure from 9:00 am to 5:00 pm, at the esteemed Auditorium 2, BMSCE.

## **Objective of the event:**

At the heart of Mega Hackathon lies a noble objective - to cultivate a vibrant ecosystem of innovation and entrepreneurship. With a steadfast commitment to nurturing the next generation of trailblazers, this event is meticulously crafted to ignite the spark of creativity and ingenuity. Anchored by the overarching theme of "Empowering Tomorrow's Innovators," Mega hackathon serves as a beacon of inspiration for aspiring entrepreneurs and problem-solvers alike. Moreover, in alignment with our vision to catalyze startup growth, this hackathon is strategically designed to propel promising ideas towards commercialization and market viability.

## **Highlights:**

Prepare to be enthralled by the electrifying atmosphere of Mega hackathon, where brilliance knows no bounds and innovation reigns supreme. As the clock ticks away, participants will immerse themselves in a symphony of intellect, collaboration, and relentless pursuit of excellence. With 24 dynamic individuals forming 6 formidable teams, the stage is set for an epic clash of ideas and

ingenuity. Against a backdrop of intense competition and unwavering determination, each team will unravel the mysteries of complex problem statements, meticulously crafted by industry luminaries. From ideation to execution, Mega hackathon promises an adrenaline-fueled journey, where innovation takes center stage and creativity knows no limits. The first two ideas were awarded with a cash prize of Rs. 50,000/- each and the other four teams were awarded with a cash prize of Rs. 15,000/- each.

### **Benefits in terms of Learning and Skill-set Acquired:**

Participation in Mega Hackathon is more than just a competition; it's a transformative experience that transcends conventional learning paradigms. As participants dive headfirst into the realm of innovation, they will unlock a treasure trove of invaluable skills and insights:

1. **Innovative Thinking:** Megahackathon challenges participants to think beyond the obvious, encouraging them to explore uncharted territories and embrace unconventional solutions.
2. **Collaborative Skills:** In a world characterized by interconnectedness and interdependence, collaboration is key. Through teamwork and collective brainstorming, participants will learn the art of synergy, communication, and mutual support.
3. **Technical Proficiency:** From coding to prototyping, Megahackathon provides a fertile ground for participants to sharpen their technical acumen and master the tools of the trade. With hands-on experience in software development and engineering, participants will emerge as proficient problem-solvers equipped to tackle real-world challenges.
4. **Critical Analysis:** At Megahackathon, participants will learn to dissect complex problem statements, identify underlying issues, and devise effective solutions. Through critical analysis and strategic thinking, participants will hone their ability to navigate ambiguity and make informed decisions.
5. **Networking Opportunities:** Beyond the thrill of competition, Megahackathon offers a unique platform for participants to forge lasting connections with industry experts, mentors, and fellow innovators. Through networking and knowledge-sharing, participants will gain invaluable insights into the dynamics

of entrepreneurship and market trends, paving the way for future collaborations and mentorship opportunities.

In conclusion, Mega Hackathon is not just a one-day event; it's a catalyst for change, a crucible for innovation, and a springboard for aspiring entrepreneurs. As the student core of the Institution's Innovation Council at BMSCE, we are honored to be part of this transformative journey and eagerly anticipate the emergence of groundbreaking solutions that have the power to shape the future. Join us as we embark on this extraordinary adventure, where innovation knows no bounds, and the spirit of entrepreneurship reigns supreme.
