

Instructions for Elements of Engineering Drawing

- 1. Sketch the solutions as per dimensions/scale using basic aids like scale , protractor, compass, pencil etc.**
- 2. For sketching, use HB pencil and the solution has to be scanned and uploaded.**
- 3. Solutions shall be done on plane (un-ruled) A-4 size sheet.**
- 4. In case the dimensions are large use appropriate scale for sketching and mention the scale with the solution.**
